An instructive and marvelously entertaining chronicle of a puppy's first year, by the executive editor of *The New York Times* One sparkling summer day, Jill Abramson brought home a nine-week-old golden retriever named Scout. Over the following year, as she and her husband raised their adorable new puppy, Abramson wrote a hugely popular column for *The New York Times*'s website about the joys and challenges of training this rambunctious addition to their family. Dog-lovers from across the country inundated her with e-mails and letters, and the photos they sent in of their own dogs became the most visited photo album on the *Times*'s site in 2009. Now Abramson has gone far beyond the material in her column and written a detailed and deeply personal account of Scout's first year. Part memoir, part manual, part investigative

Great outdoors writers including former Field & Stream editors Bill Tarrant and Gene Hill and famous British veterinarian James Herriot share their favorite lab stories, while top-notch photographers show-off their best shots of these handsome dogs.

[The Labrador Retriever](#)

L.B. Johnson knew how to get things done. She had been immersed in a world of complex puzzles, and tangled story lines of physical and governmental laws. She was quite sure she was up to the task of raising a black Labrador retriever puppy. His name was Barkley, and in being himself, he led his owner down a path of joyful discovery, loving frustration, and self-sacrifice. Their journey together will speak volumes to anyone who has ever had a beloved animal as a heart ' s companion...from the gentle nuzzles that healed in moments of crisis, to the saintly patience needed to deal with a small pink ball with feet, named " Mr. Squeaky, " who interrupted many hours of sleep. It is the story of rambunctious trespasses such as " the bacon incident, " and the loving trust that bound a woman and her dog together in unspoken understanding. The Book of Barkley is a tribute and memoir that will resonate with everyone who has reached out unthinking to pet a beloved animal...only to remember that a beloved friend is no longer present. Honest, transcendent, and beautifully written, The Book of Barkley is a love story that will enrich every animal lover ' s library.

As of 2020, the Labrador Retriever breed has topped the American Kennel Club's Popular Dog Breeds list for 19 years running, and for good reason. This athletic breed is almost universally outgoing, eager to try new things, and equipped with a strong desire to please people. This is a breed of dog that can adapt to any situation; Labrador Retrievers have become military heroes, field trial champions, famous movie stars, and more. The Labrador is a good fit for either novice or veteran pet parents, but their exuberance and athleticism may be too much for some individuals. This guide will give you all the information you need not only to decide if a Labrador Retriever is the right fit for your household, but also to guide you to the right individual dog, and how to train it to be a well-mannered canine citizen. In these pages, you will discover the answers to such crucial questions as: Is a Labrador Retriever the right dog for me? How do I choose the right Labrador for my needs? How do I prepare my home for an active, athletic Lab? What training methods are most effective for Labrador Retrievers? The Complete Guide to Labrador Retrievers, by respected British veterinarian Jo de Klerk, provides valuable information on a wide range of essential topics. You will find yourself reaching for this manual over and over again throughout your Labrador's life, gaining indispensable knowledge on how to raise your Labrador Retriever pup to be a healthy, happy, and well-behaved canine companion. This book delves into nearly every aspect of the Labrador Retriever breed, including: The history of the Labrador Retriever How to select a good breeder Choosing your Lab from a rescue or shelter Lab-proofing your home Training do's and don'ts for the Labrador What to expect the first few days home Housetraining your Labrador Retriever The importance of mental and physical exercise Training and socialization techniques for your Labrador Retriever Common behavior issues for Labs (and how to prevent them) How to choose the best veterinarian for your dog Health and wellness information for all stages Working, showing, or breeding your Labrador Retriever The aging Labrador Labrador Retrievers are athletic, outgoing canines who can excel in any role. While they do require a little more exercise and attention than many other breeds, those who choose to share their lives with Labradors are richly rewarded with a loyal and loving companion who is always up for the next adventure. From choosing a breeder to caring for your senior pet, this book will be there to show you how to give your Labrador Retriever a fantastic and full life. This comprehensive guidebook by veterinarian Jo de Klerk is required reading for anyone who loves Labs!
