Abduzeedo Inspiration Guide for Designers Fábio Sasso 2011-05-19 Brazilian designer Fábio Sasso, who has wildly popular design blog Abduzeedo, has created the definitive guide to design. This book features interviews with designers and offers tutorials on various design styles, an extension of what he does with his site abduzeedo.com. Each chapter addresses a particular style, e.g., Vintage, Neo-surrealism, Retro 80s, Light Effects, Collage, Vector, and starts off with an explanation about the style and techniques that go into that style. Next, the Abduzeedo Design Guide shows images from different visual artists illustrating each style. Fábio interviews a master of each style, such as, in the case of Retro Art, James White. Then he wraps up the chapter with a tutorial showing the elements and techniques for creating that style in Photoshop. Meant for beginning to intermediate designers as well as more experienced designers looking for inspiration, the book focuses on styles that can be applied both to web or print.

iPad and iPhone Tips and Tricks (Covers iOS 6 on iPad, iPad mini, and iPhone) Jason R. Rich 2012-12-27 Easily Unlock the Power of Your iPad, iPad mini, or iPhone Discover hundreds of tips and tricks you can use right away with your iPad, iPad mini, or iPhone to maximize its functionality. Learn to use your iOS 6 mobile device as a powerful communication, organization, and productivity tool, as well as a feature-packed entertainment device. In addition to learning all about the apps that come preinstalled on your iPad or iPhone, you will learn about some of the best third-party apps currently available, plus discover useful strategies for how to best utilize them in your personal and professional life. Using an easy-to-understand, nontechnical approach, this book is ideal for beginners and more experienced iPad, iPad mini, or iPhone users who want to discover how to use the iOS 6 operating system with iCloud, and the latest versions of popular apps. If you're an iPad 2, iPad 3rd or 4th generation, iPad mini, iPhone 4S, or iPhone 5 user, this book is an indispensable tool. Here's just a sampling of what the tips, tricks, and strategies offered in this book will help you accomplish: Discover how to take full advantage of powerful iOS 6 features, like Notification Center. Learn secrets for using preinstalled apps, such as Contacts, Calendars, Reminders, Maps, Notes, Safari, Mail, and Music. Find, download, and install the most powerful and versatile apps and content for your iPad, iPad mini, or iPhone. Synchronize files, documents, data, photos, and content with iCloud, your computer, or other iOS mobile devices. Learn how to interact with your tablet or phone using your voice in conjunction with Siri and the Dictation feature. Create and maintain a reliable backup of your iOS 6 device. Discover how to take visually impressive photos using the cameras built into your iPad, iPad mini, or iPhone, and then share them using iCloud Shared Photo Streams, Facebook, Twitter, email, or other methods. Use your iOS mobile device as an eBook reader, portable gaming machine, and feature-packed music and video player.

Taking Your iPhone 4S to the Max Erica Sadun 2012-01-24 Unleash the power of your new iPhone 4S or other iOS 5-driven iPhone and take it to the limit using powerful tips and techniques from the Apple experts at TUAW, Erica Sadun, Steve Sande, and Michael Grothaus. Fast and fun to read, *Taking Your iPhone 4S to the Max* shows you how to get the most out of your iPhone using Apple's new iOS 5. Whether you're using the new iPhone 4S or earlier iPhone that runs the new iOS 5, you'll find all the best undocumented tricks, as well as the most efficient and enjoyable introduction to the iPhone available. Starting with an introduction to iPhone basics, you'll quickly discover the iPhone's hidden potential, like how to connect to a TV, use Voice Control using Siri, have video chats with FaceTime, and call friends overseas with low-cost VoIP. From the unified e-mail inbox and surfing the Web with Mobile Safari, exploring the world of social networking, using the multitasking capabilities of iOS 5, taking and editing photos, shopping for apps, media, and books, or just managing phone calls—you'll find it all in this book. You'll even learn tips on where to get the best iPhone accessories. Get ready to take your iPhone 4S and earlier running the new iOS 5 to the max!

Apple Device Management Charles Edge 2019-12-17 Working effectively with Apple platforms at a corporate or business level includes not only infrastructure, but a mode of thinking that administrators have to adopt to find success. A mode of thinking that forces you to leave 30 years of IT dogma at the door. This book is a guide through how to integrate Apple products in your environment with a minimum of friction. Because the Apple ecosystem is not going away. You'll start by understanding where Apple, third-party software vendors, and the IT community is taking us. What is Mobile Device Management and how does it work under the hood. By understanding how MDM works, you will understand what needs to happen on your networks in order to allow for MDM, as well as the best way to give the least amount of access to the servers or services that's necessary. You'll then look at management agents that do not include MDM, as well as when you will need to use an agent as opposed to when to use other options. Once you can install a management solution, you can deploy profiles on a device or you can deploy profiles on Macs using scripts. With Apple Device Management as your guide, you'll customize and package software for deployment and lock down devices so they're completely secure. You'll also work on getting standard QA environments built out, so you can test more effectively with less effort. Apple is forging their own path in IT. They trade spots with Amazon, Google, and Microsoft as the wealthiest company to ever exist. And they will not be constrained by 30 or more years of dogma in the IT industry. You can try to shoehorn Apple devices into outdated modes of device management, or you can embrace Apple's stance on management with the help of this book. What You'll Learn Deploy profiles across devices effectively and securely Install apps remotely both from the app store and through custom solutions Work natively with Apple environments rather than retrofitting older IT solutions Who This Book Is For Mac administrators within organizations that want to integrate with the current Apple ecosystem, including Windows administrators learning how to use/manage Macs, mobile administrators working with iPhones and iPads, and mobile developers tasked with creating custom apps for internal, corporate distribution.

iPhone 13 pro max user guide for seniors James Nino 2021-12-22 Having a book created with this in mind that covers everything seniors need to know about the iPhone 13 to get started is a great asset to have. Which is why this guide is a great book for our older generation who are technically challenged. Seniors should not be denied the opportunity to also enjoy the innovative technology associated with Apple 2021 edition. They should also be able to explore all the features that come with the phone including setting it up, calling, chatting, taking pictures and Facetime calls. This book does a wonderful job of explaining how to use your iPhone from the minute you get it. It can teach the older generation how to send text messages, add new contacts, make emergency calls, listen to their all-time favorite songs, make video calls, sync their data, utilize Siri, and so much more. This book is for Seniors Who Want To learn to use the iPhone 13 Pro Max But Can't Get Started A Simple Guide for Grandma and Grandpa Many times, Seniors receive the gift of an iPhone but are not shown how to use it. Although the Apple iPhone 13 from Apple is intended to be intuitive, it can still be very difficult for an average user not less a senior to understand how to use it. The iPhone 13 can be a difficult device to use, especially if you are from an older generation and not into technology which can make our granddads, and grandmas have a hard time setting up their new devices without requesting help. Having a book created with this in mind that covers everything seniors need to know about the iPhone 13 to get started is a great asset to have. Which is why this guide is a great book for our older generation who are technically challenged. Seniors should not be denied the opportunity to also enjoy the innovative technology associated with Apple 2021 edition. They should also be able to explore all the features that come with the phone including setting it up, calling, chatting, taking pictures and Facetime calls. This book does a wonderful job of explaining how to use your iPhone from the minute you get it. It can teach the older generation how to send text messages, add new contacts, make emergency calls, listen to their all-time favorite songs, make video calls, sync their data, utilize Siri, and so much more. Just Imagine Being Able To: •learn how to utilize all the functions and operations that the phone offers •use a well-formatted book to help seniors like you use your phone •learn about the latest updates, improvements, and changes on the new iPhone 13 •pass a message across with its large prints with fewer strains on the eyes •teach seniors despite their low-tech knowledge in a language simple to understand ...And that's just for starters! Not Only That but Also: •the book uses practical examples in explaining how to get the most out of your iPhone 13 •a user-friendly guide for anyone with even third-grade education to follow •show you how to keep in touch despite aging eyesight and hearing •learn more new phone tricks to keep up with the kids and grandkids •large printing format suitable for those with eye sight issues So, if you are one of those people worried about how to set up their new device, this guide can be useful to beginners and even those switching from Android to iPhone. You can also learn to use the GPS feature to search for places on maps. This book also covers: How to search for a place on maps How to send a text message to old and new contacts Introduction to Safari and Siri Activating Siri, changing wallpapers, setting screen time, and managing events How to use the iPhone 13 Pro exclusive feature called ProRes How to access some hidden camera functions that you probably did not expect a phone camera to have Click the Buy Now Button to order your copy of the book to get started. The iPhone Pocket Guide Christopher Breen 2008-10-27 Here is your essential companion to Apple's iPhone! The iPhone Pocket Guide, Third Edition covers all iPhone models including the new iPhone 3G. Unlike other iPhone books, The iPhone Pocket Guide, Third Edition was written based on the final release of iPhone 2.0 software and the iPhone 3G, and the content accurately reflects the design of your iPhone 3G and how you will use it. Author Christopher Breen has been covering the iPod and iPhone from the first day of their releases. This affordably priced Pocket Guide incorporates snappy writing and eye-catching graphics as Breen steers you through how to: Set up and quickly start using your phone/iPod/Internet device. Download applications from the App Store. Make and receive calls and send text messages with your phone. Keep everything in sync between your Windows PC or Mac and your iPhone. E-mail family and friends using your carrier's wireless network or a Wi-Fi hotspot. Listen to songs and podcasts, and watch movies and TV shows (and YouTube!). Browse the Web using the built-in Safari browser. Figure out where you are with the iPhone's location services. Fix common problems, and learn what to do if you can't fix them yourself.

iPhone VISUAL Quick Tips Kate Shoup 2008-01-03 A compact manual takes readers through the diverse applications and features of Apple's new iPhone, offering a host of tips, tricks, and techniques to help users take full advantage of the device's cell phone, iPod, and Internet capabilities.

Batman (2016-) #62 Tom King 2019-01-09 What happened to the boy who wanted to be Bruce Wayne? The young criminal mastermind

orchestrate his own parents' deaths to emulate his hero and was carted off to Arkham when Batman exposed his crimes, but that is not the end of the story. Tom King reteams with NIGHTWING artist Travis Moore to create a sequel to their masterpiece of dark horror from BATMAN #38.

Pin and unpin message. Delete message. Setup mail account. Delete mail account. Recover deleted emails. Take a screenshot. Set up the headphone level checker. Set up your sleep schedule. Install apps from the app store. Delete apps. Enable location service. AND MORE.

Obama: An Intimate Portrait Pete Souza 2017-11-07 Relive the extraordinary Presidency of Barack Obama through White House photographer Pete Souza's behind-the-scenes images and stories in this #1 New York Times bestseller -- with a foreword from the President himself. During Barack Obama's two terms, Pete Souza was with the President during more crucial moments than anyone else -- and he photographed them all. Souza captured nearly two million photographs of President Obama, in moments highly classified and disarmingly candid. Obama: An Intimate Portrait reproduces more than 300 of Souza's most iconic photographs with fine-art print quality in an oversize collectible format. Together they document the most consequential hours of the Presidency -- including the historic image of President Obama and his advisors in the Situation Room during the bin Laden mission -- alongside unguarded moments with the President's family, his encounters with children, interactions with world leaders and cultural figures, and more. Souza's photographs, with the behind-the-scenes captions and stories that accompany them, communicate the pace and power of our nation's highest office. They also reveal the spirit of the extraordinary man who became our President. We see President Obama lead our nation through monumental challenges, comfort us in calamity and loss, share in hard-won victories, and set a singular example to "be kind and be useful," as he would instruct his daughters. This book puts you in the White House with President Obama, and is a treasured record of a landmark era in American history.

The Charlton Murders Jennifer Berg 2021-08-24 Seattle 1955. When a wealthy matriarch dies under questionable circumstances, Inspector Michael Riggs is assigned to the high-profile case. Riggs is determined to prove himself, but the dead woman's family closes ranks, and Riggs soon learns that even his police chief expects him to fail. Refusing to let the case go cold, Riggs follows the clues to the dead woman's estranged daughter-in-law, Victoria. Victoria is an unlikely society wife who evokes strong emotions within the family. Riggs needs more time, but when a second body is found in an upscale penthouse, the chief decides to pull Riggs from the case. Racing against the clock, Riggs teams up with Victoria—a gamble that could solve the case—unless Victoria is the killer.

Elements Theodore Gray 2012-04-03 The Elements has become an international sensation, with over one million copies in-print worldwide. The highly-anticipated paperback edition of The Elements is finally available. An eye-opening, original collection of gorgeous, never-before-seen photographic representations of the 118 elements in the periodic table. The elements are what we, and everything around us, are made of. But how many elements has anyone actually seen in pure, uncombined form? The Elements provides this rare opportunity. Based on seven years of research and photography, the pictures in this book make up the most complete, and visually arresting, representation available to the naked eye of every atom in the universe. Organized in order of appearance on the periodic table, each element is represented by a spread that includes a stunning, full-page, full-color photograph that most closely represents it in its purest form. For example, at -183°C, oxygen turns from a colorless gas to a beautiful pale blue liquid. Also included are fascinating facts, figures, and stories of the elements as well as data on the properties of each, including atomic weight, density, melting and boiling point, valence, electronegativity, and the year and location in which it was discovered. Several additional photographs show each element in slightly altered forms or as used in various practical ways. The element's position on the periodic table is pinpointed on a mini rendering of the table and an illustrated scale of the element's boiling and/or melting points appears on each page along with a density scale that runs along the

bottom. Packed with interesting information, this combination of solid science and stunning artistic photographs is the perfect gift book for every sentient creature in the universe. Includes a tear-out poster of Theodore Gray's iconic Photographic Periodic Table!

iPad and iPhone Tips and Tricks Jason R. Rich 2012-01-24 For iOS 5 on iPad 2 and iPhone 4/4s Discover hundreds of tips and tricks you can use with your iPad or iPhone to maximize its functionality as you use your iOS 5 mobile device as a powerful communication, organization, and productivity tool, as well as a feature-packed entertainment device. In addition to learning all about the apps that come preinstalled on your iPhone or iPad, you learn about some of the best third-party apps currently available and discover useful strategies for how to best utilize them. Using an easy-to-understand, nontechnical approach, this book is ideal for absolute beginners, as well as more experienced iPad or iPhone users who want to discover how to use the iOS 5 operating system with iCloud and the latest versions of popular apps. Here's just a sampling of what the tips, tricks, and strategies offered in this book will help you accomplish: • Update your iPad or iPhone with the iOS 5 operating system. • Discover how to use the preinstalled apps on your iOS 5 device, including Notification Center and Reminders. • Take advantage of built-in apps such as Contacts, Calendars, Safari, Mail, and Music. • Learn how to best use Siri on the iPhone 4S. • Find, download, and install the most powerful and versatile apps and content for your iPad or iPhone. • Synchronize files, documents, data, and content with iCloud, your computer, or other iOS 5 devices. • Create and maintain a reliable backup of your iOS 5 device. • Use your iPad or iPhone as an eBook reader, portable gaming machine, and feature-packed music and video player.

iPhone for Work Ryan Faas 2011-02-03 The iPhone is cool, and the iPhone is fun, but the iPhone also means serious business. For those of you who bought your iPhones to help get your lives organized and free yourselves from the ball and chain of desktop computing, *iPhone at Work: Productivity for Professionals* is the book to show you how. There are plenty of general-purpose iPhone guides, but *iPhone at Work: Productivity for Professionals* shows you how to complete all the traditional smartphone tasks, like to-do lists, calendars, and e-mail, and become much more efficient and productive at work. You'll learn mechanisms for developing effective workflows specific to the features of the iPhone and also efficient strategies for dealing with the specialized aspects of business and professional lifestyles. From the introduction and throughout the book, author Ryan Faas targets professional users of the iPhone. You'll tour the built-in applications and configuration options, always with work and productivity in mind, and discover all of the enterprise features of the iPhone, learning how to configure and use each one. Then discover the App Store: source of all third-party software. There's something a bit daunting about the dominance of games and frivolous apps on the best-seller lists, but there are serious business and vertical applications also available, and you'll learn about some of the best and how to take advantage of this wealth of add-on and very professional functionality. And for those administrators with the special job of deploying lots of new iPhones across the enterprise, this book concludes with two appendices that provide information and resources for companies. The first is intended for organizations looking to perform larger-scale iPhone or iPod touch deployments complete with device management. The second is geared for those companies that wish to develop an iPhone platform-oriented infrastructure through the use of customized in-house applications and iPhone/iPod touch-specific web services.

iPhone UK: The Missing Manual David Pogue 2010-10-27 With multitasking and more than a 100 other new features, iPhone 4.0 is a real treat, cooked up with Apple's traditional secret sauce of simplicity, intelligence, and whimsy. *iPhone UK: The Missing Manual* gives you a guided tour of everything the new iPhone has to offer, with lots of tips, tricks, and surprises. Learn how to make calls and play songs by voice control, take great photos, keep track of your schedule, and much more with complete step-by-step instructions and crystal-clear explanations by iPhone master David Pogue. Whether you have a brand-new iPhone, or want to update an earlier model with the iPhone 4.0 software, this beautiful full-colour book is the best, most objective resource available. Use it as a phone -- learn the basics as well as time-saving tricks and tips for contact searching, texting, and more. Treat it as an iPod -- master the ins and outs of iTunes, and listen to music, upload and view photos, and fill the iPhone with TV shows and films. Take the iPhone online -- make the most of your online experience to browse the Web, read and compose email, use social networks, or send photos and audio files. Go beyond the iPhone -- learn how to use the App Store, and how to multitask between your apps, organize them in folders, and read eBooks in iBooks. Unlock the full potential of your iPhone with the book that should have been in the box.

The One Device Brian Merchant 2017-06-20 The secret history of the invention that changed everything--and became the most profitable product in the world. NATIONAL BESTSELLER Shortlisted for the Financial Times Business Book of the Year Award One of the Best Business Books of 2016 - CNBC, Bloomberg, 1-800-CEO-Read "The One Device is a tour de force, with a fast-paced edge and heaps of analytical insight." -Ashlee Vance, New York Times bestselling author of *Elon Musk* "A stunning book. You will never look at your iPhone the same way again." -Dan Lyons, New York Times bestselling author of *Disrupted* Odds are that as you read this, an iPhone is within reach. But before Steve Jobs introduced us to "the one device," as he called it, a cell phone was merely what you used to make calls on the go. How did the iPhone transform our world and turn Apple into the most valuable company ever? Veteran technology journalist Brian Merchant reveals the inside story you won't hear from Cupertino-based on his exclusive interviews with the engineers, inventors, and developers who guided every stage of the iPhone's creation. This deep dive takes you from inside One Infinite Loop to 19th century France to WWII America, from the driest place on earth to a Kenyan pit of toxic e-waste, and even deep inside Shenzhen's notorious "suicide factories." It's a firsthand look at how the cutting-edge tech that makes the world work--touch screens, motion trackers, and even AI-made their way into our pockets. The One Device is a roadmap for design and engineering genius, an anthropology of the modern age, and an unprecedented view into one of the most secretive companies in history. This is the untold account, ten years in the making, of the device that changed everything.
