*The Blazing Center Study Guide Desiring God 2006-07-03 What Do You Revolve Around? All the planets of your life—from your labor and leisure to your thinking and feeling—are held in orbit by the greatness, gravity, and blazing brightness of Jesus Christ at the center of your life. When He ceases to be the center, the planets of your life fly into confusion, sending a hundred things out of control. Pastor John Piper's powerful teaching is recorded during an intimate retreat for youth leaders and students onto three The Blazing Center DVDs. With the study guide, this is an ideal package for adult and youth Sunday school classes, small groups, retreats, classrooms, and families. Discover surprising insights about the reality of sin, how your love for God is really revealed, and how only joy in Him will sustain you through times of suffering. God Is the Blazing Sun at the Center of Reality Everything revolves around Him. And as the most valuable and glorious person who exists, God is loving, not conceited, when He calls us to worship Him. His pursuit of glory and our pursuit of joy are not at odds—because God is most glorified in us when we are most satisfied in Him. This study guide is designed to be used in a ten-session, guided group study that focuses on The Blazing Center DVD set: Lesson 1—Introduction to The Blazing Center Lesson 2—The Blazing Center: A Personal Story Lesson 3—The Blazing Center: Is God Vain? (Part 2) Lesson 8—Suffering: For the Joy Set Before You (Part 1) Lesson 9—Suffering: For the Joy Set Before You (Part 2) Lesson 10—Review and Conclusion Complete with Scripture and key quotations for reflection, penetrating questions, and five daily assignments per week, this study guide will help you place God at the center of your life. When God is the blazing sun at the center of your solar system, all the planets of your life come into proper orbit. Leader's guide included! Story Behind the Book "The greatest news in all the world is that there is no final conflict between my passion for joy and God's passion for His glory. The knot that ties these together is the truth that God is most glorified in us when we are most satisfied in Him. Jesus Christ died and rose again to forgive the treason of our souls, which have turned from savoring God to savoring self. In the cross of Christ, God rescues us from the house of mirrors and leads us out to the mountains and canyons of His majesty. Nothing satisfies us—or magnifies Him—more." —John Piper*

The Human Inheritance Bryan Sykes 1999 Very little excites human curiosity quite so much as contemplating human origins. More than any other branch of science, evolution - and human evolution in particular - is fraught with controversy. Working from what is essentially the same data, schools of opinion have come to diametrically opposed conclusions. Are we adapted Neanderthals, or a new species altogether which wiped them out? Did the first Americans enter the continent 30,000 or 12,000 years ago? Did the Polynesians sail against wind and current to an unknown fate, or were they just blown across from South America while out fishing? Why do we speak different languages? Is it because language traces our biological history, or are the two things completely unrelated? Evolution, because it deals with a past that can never conclusively be known, was once ideal material for perpetual debate. Enter genetics with a completely new source of objective data. Surely these old questions would soon be settled one way or another. Or would they? Bryan Sykes brings together a world-class set of contributors to debate these questions. The result is eight lively essays, each of which offers a different opinion about what the links between genes, language, and the archaeological record can tell us about human evolution - and indeed, whether they can tell us anything conclusive at all. This stimulating and challenging book poses more questions than it offers answers, eschews jargon, and pursues controversy. Guaranteed to fascinate anyone who has ever wondered how the fossil record, the incredible diversity of human language, and our genetic inheritance might combine to give a glimpse of human origins. Edited by Bryan Sykes, Institute of Molecular Medicine, University of Oxford. Publisher's note.

**FIREARM SAFETY CERTIFICATE - M** California Department of Justice 2016-12-01 The growing concern over the number of accidental firearm shootings, especially those involving children, prompted passage of the initial handgun safety law which went into effect in 1994. The stated intent of the California Legislature in enacting the current FSC law is for persons who obtain firearms to have a basic familiarity with those firearms, including, but not limited to, the safe handling and storage of those firearms. The statutory authority for this program is contained in Penal Code sections 26840 and 31610 through 31700. These statutes mandate DOJ to develop, implement and maintain the FSC Program. Pursuant to Penal Code section 26840, a firearms dealer cannot deliver a firearm unless the person receiving the firearm presents a valid FSC, which is obtained by passing a written test on firearm safety. Prior to taking delivery of a firearm from a licensed firearms dealer, the purchaser/recipient must also successfully perform a safe handling demonstration with that firearm..
