Concepts App • Infinite, Flexible Sketching

Concepts (the app) is an advanced version of sketching paper, where natural tools meet vector manipulation so ideas can change and grow as you do. As a product designer, I need a tool with the flexibility of a traditional sketchbook but with the speed and versatility of a digital drawing tool.

Concept - Wikipedia

Ontology of concepts. A central question in the study of concepts is the question of what they are. Philosophers construe this question as one about the ontology of concepts—what kind of things they are. The ontology of concepts determines the answer to other questions, such as how to integrate concepts into a wider theory of the mind, what functions are allowed or disallowed by a ...
