Depraved Heart Patricia Cornwell 2015-10-27 In *Scarpetta*, Patricia Cornwell has a character as strong as any in popular fiction" --Wall Street Journal New York Times bestselling author Patricia Cornwell delivers the newest engrossing thriller in her high-stakes series starring medical examiner Dr. Kay Scarpetta. *Depraved Heart*: "Void of social duty and fatally bent on mischief." --Mayer v. People, 806 III. 306 (1883) Dr. Kay Scarpetta is working a suspicious death scene in Cambridge, Massachusetts when an emergency alert sounds on her phone. A video link lands in her text messages and seems to be from her computer genius niece Lucy. But how can it be? It's clearly a surveillance film of Lucy taken almost twenty years ago. As Scarpetta watches she begins to learn frightening secrets about her niece, whom she has loved and raised like a daughter. That film clip and then others sent soon after raise dangerous legal implications that increasingly isolate Scarpetta and leave her confused, worried, and not knowing where to turn. She doesn't know whom she can tell--not her FBI husband Benton Wesley or her investigative partner Pete Marino. Not even Lucy. In this new novel, Cornwell launches these unforgettable characters on an intensely psychological odyssey that includes the mysterious death of a Hollywood mogul's daughter, aircraft wreckage on the bottom of the sea in the Bermuda Triangle, a grisly gift left in the back of a crime scene truck, and videos from the past that threaten to destroy Scarpetta's entire world and everyone she loves. The diabolical presence behind what unfolds seems obvious--but strangely, not to the FBI. Certainly that's the message they send when they raid Lucy's estate and begin building a case that could send her to prison for the rest of her life. In the latest novel in her bestselling series featuring chief medical examiner Dr. Kay Scarpetta, Cornwell will captivate readers with the shocking twists, high-wire tension, and cutting-edge forensic detail that she is famous for, proving yet again why she's the world's #1 bestselling crime writer.

Chaos Patricia Cornwell 2016-11-15 "When it comes to the forensic sciences, nobody can touch Cornwell." --New York Times Book Review [PLEASE BOX:] CHAOS From the Ancient Greek (χάος or χάος) A vast chasm or void. Anarchy. The science of unpredictability. On a late summer evening in Cambridge, Massachusetts, Dr. Kay Scarpetta and her investigative partner, Pete Marino, respond to a call about a dead bicyclist near the Kennedy School of Government. It appears that a young woman has been attacked with almost superhuman force. Even before Scarpetta's headquarters has been officially notified about the case, Marino and Scarpetta's FBI agent husband, Benton Wesley, receive suspicious calls, allegedly from someone at Interpol. But it makes no sense. Why would the elite international police agency know about the case or be interested? It soon becomes apparent that an onslaught of harassment might be the work of an anonymous cyberbully named Tallend Charlie, who has been sending cryptic communications to Scarpetta for over a week. Even Lucy, her brilliant tech-savvy niece, can't trace who it is or how this person could have access to intimate information. When a second death shocks Scarpetta to her core, it becomes apparent she and those close to her are confronted with something far bigger and more dangerous than they'd ever imagined.
