From the Shadows Robert M. Gates 2007-01-09 The former director of the CIA discusses the hidden wars and operations that the U.S. waged against world Communism, discusses the CIA's role in the collapse of Communism in the Soviet bloc, and assesses the various presidents and officials for whom he worked. 60,000 first printing. Tour.

The Ultimate Start-Up Guide Tom Hogan 2017-01-23 Most start-ups fail. And they die remarkably young: The typical start-up lasts 20 months and burns through \$1.3 million in financing before closing its doors. So what's the formula for success for those start-ups that make it through the early trials, leveraging their early success into either getting acquired or issuing an IPO (initial public offering)? What are the lessons that first-time entrepreneurs and employees need to know to navigate their way to success? The Ultimate Start-Up Guide offers practical advice, insights, lessons, and best practices from the world of start-ups, including: Strategies for hiring and building your team, culture, and values. How to pitch your company, secure funding, and distribute equity. Best practices in launching your business. How venture capitalist investors think, evaluate new companies, and advise entrepreneurs. War stories and red flags from top VC partners and entrepreneurs. Start-ups are a business model and culture of their own, changing the economic landscape as well as the way we live and work. The Ultimate Start-Up Guide offers an insider's look at this world. It's a fascinating read for anyone contemplating how to build or participate in a successful start-up.

A Letter to America David L. Boren 2012-09-14 A powerful wake-up call to all Americans With only 6 percent of the world's population, how long will the United States remain a global superpower? The answer, David Boren tells us in A Letter to America, depends on asking ourselves tough questions. A powerful wake-up call to Americans, A Letter to America, forces us to take a bold, objective look at ourselves. In A Letter to America, Boren explains with unsparing clarity why the country is at a crossroads and why decisive action is urgently needed and offers us an ambitious, hopeful plan. What the country needs, Boren asserts, are major reforms to restore the ability of our political system to act responsibly. By relying on our shared values, we can replace cynicism with hope and strengthen our determination to build a better future. We must fashion a post-Cold War foreign policy that fits twenty-first-century realities—including multiple contending superpowers. We must adopt campaign finance reform that curbs the influence of special interests and restores political power to the voters. Universal health care coverage, budget deficit reduction, affordable higher education, and a more progressive tax structure will strengthen the middle class. Boren also describes how we can renew our emphasis on quality primary and secondary education, revitalize our spirit of community, and promote volunteerism. He urges the teaching of more American history and government, for without educated citizens our system cannot function and our rights will not be preserved. Unless we understand how and how we became great, we will not remain great. The plan Boren puts forward is optimistic and challenges Americans to look into the future, decide what we want to be and where we want to go, and then implement the policies and actions we need to take us there.

An International History of Terrorism Jussi M. Hanhimäki 2013-01-17 The aim of this book is to provide readers with the tools to understand the historical evolution of terrorism and counterterrorism over the past 150 years. In order to appreciate the contemporary challenges posed by terrorism it is necessary to look at its evolution, at the different phases it has gone through, and the transformations it has experienced. The same applies to the solutions that states have come up with to combat terrorism: the nature of terrorism changes but still it is possible to learn from past experiences even though they are not directly applicable to the present. This book provides a fresh look at the history of terrorism by providing in-depth analysis of several important terrorist crises and the reactions to them in the West and beyond. The general framework is laid out in four parts: terrorism prior to the Cold War, the Western experience with terrorism, non-Western experiences with terrorism, and contemporary terrorism and anti-terrorism. The issues covered offer a broad range of historical and current themes, many of which have been neglected in existing scholarship; it also features a chapter on the waves phenomenon of terrorism against its international background. This book will be of much interest to students of terrorism studies, political violence, international history, security studies and IR.

Keith Stanley Booth 1996-01-05 Keith is the biography of Keith Richards, written by one of his old friends, Stanley Booth. Drawing on extensive, in-depth interviews, the book explores Richards' relationship with Mick Jagger and the Stones, his views on his evolving craft, his experiences in the London music scene, and much more. Keith offers a personal study of the Rolling Stones legend, an "intimate portrait of one of the great molders of contemporary pop music" (Booklist).

Poison Study Maria V. Snyder 2012-08-15 From New York Times Bestselling Author Maria V. Snyder Choose: a quick death... or slow poison... Locked deep in the palace dungeon for killing her abuser, Yelena knows she'll never be free again. The laws in Ixia are strict, and murderers must be executed, no matter the reason. But just as she's resigned herself to her fate, she's offered an extraordinary reprieve. As the food taster, Yelena will eat the best meals, have rooms in the palace—and risk assassination by anyone trying to kill the Commander of Ixia. To make matters worse, the chief of security deliberately feeds her Butterfly's Dust, and only by appearing for her daily antidote will she delay an agonizing death from the poison. As Yelena tries to escape her new dilemma, disasters keep mounting. Rebels plot to seize Ixia and Yelena develops magical powers she can't control. Her life is threatened again, and in order to survive, she must unravel the secrets behind the past she's been running from. The Chronicles of Ixia Series by Maria V Snyder Book One: Poison Study Book Two: Magic Study Book Three: Fire Study Book Four: Storm Glass Book Five: Sea Glass Book Six: Spy Glass Book Seven: Shadow Study Book Eight: Night Study Book Nine: Dawn Study

Secrecy and Democracy Stansfield Turner 1985 The director of the CIA during the Carter administration explores past abuses of the U.S. intelligence apparatus, describes the radically redesigned system structured to avoid such abuses, and analyzes the problems besetting the intelligence community when he became CIA director in 1977

From the shadows : the ultimate insider's story of five presidents and how they won the Cold War [Anonymus AC01715770] 1996

From the Shadows Neil White 2017-08 When defence lawyer Dan Grant inherits a murder case just weeks away from trial, he's just expected to babysit it and take his fee. But Dan's not that kind of lawyer. If he takes on a case then he investigates it his way, wherever the evidence takes him. Jayne Brett is Dan's investigator and a woman with a terrible secret in her past, one that still haunts her today. Needing the money, she takes on the task of investigating the case that Dan's inherited. But has she taken on more than she can handle? The case. Mary Kendricks was a pretty, smart, 24-year-old teacher. Now Mary Kendricks is dead and Robert Carter is in the dock, accused of her brutal murder. But as Dan and Jayne investigate, they discover that perhaps there is more to this case than meets the eye, but in order to do their jobs they need to push the limits of the system, even if it means putting themselves in danger.

Exercise of Power Robert M. Gates 2020-06-16 From the former secretary of defense and author of the acclaimed #1 bestselling memoir, Duty, a candid, sweeping examination of power, and how it has been exercised, for good and bad, by American presidents in the post-Cold War world. Since the end of the Cold War, the global perception of the United States has progressively morphed from dominant international leader to disorganized entity. Robert Gates argues that this transformation is the result of the failure of political leaders to understand the complexity of American power, its expansiveness and its limitations. He makes clear that the successful exercise of power is not limited to the ability to coerce or demand submission, but must also encompass diplomacy, strategic communications, development assistance, intelligence, technology, and ideology. With forthright judgments of the performance of past presidents and their senior-most advisers, insightful firsthand knowledge, and compelling insider stories, Gates's candid, sweeping examination of power in all its manifestations argues that U.S. national security in the future will require abiding by the lessons of the past, reimagining our approach, and revitalizing nonmilitary instruments of power essential to success and security.

Blue on Blue Charles Campisi 2017-02-07 In one of the most illuminating portraits of police work ever, Chief Charles Campisi describes the inner workings of the world's largest police force and his unprecedented career putting bad cops behind bars. "Compelling, educational, memorable...this superb memoir can be read for its sheer entertainment or as a primer on police work—both" (Kirkus Reviews, starred review). From 1996 to 2014 Charles Campisi headed NYPD's Internal Affairs Bureau, working under four police commissioners and gaining a reputation as hard-nosed and incorruptible. During Campisi's IAB tenure, the number of New Yorkers shot, wounded, or killed by cops every year declined by ninety percent, and the number of cops failing integrity tests shrank to an equally startling low. But to achieve those exemplary results, Campisi had to triple IAB's staff, hire the very best detectives, and put the word out that corruption wouldn't be tolerated. Blue on Blue provides "a rare glimpse inside one of the most secretive branches of policing...and a compelling, behind-the-scenes account of what it takes to investigate police officers who cross the line between guardians of the public to criminals. It's a mesmerizing exposé on the harsh realities and complexities of being a cop on the mean streets of New York City and the challenges of enforcing the law while at the same time obeying it" (The New York Journal of Books). Campisi allows us to listen in on wiretaps and feel the adrenaline rush of drawing in the net. It also reveals new threats to the force, such as the possibility of infiltration by terrorists. "A lively memoir [told with] verve, intriguing detail, and a generous heart" (The Wall Street Journal) and "an expose of the NYPD's Internal Affairs Bureaus [that is] enlightening and entertaining" (The New York Times Book Review), Blue on Blue will forever change the way you view police work.

The Man who Kept the Secrets Thomas Powers 1980

The Shadow World Andrew Feinstein 2011-11-08 Soon to be a Major PBS Documentary Event The Shadow World is the harrowing behind-the-scenes tale of the global arms trade, revealing the deadly collusion that all too often exists among senior politicians, weapons manufacturers, felonious arms dealers, and the military—a situation that compromises our security and undermines our democracy. Pulling back the curtain on this secretive world, Andrew Feinstein reveals the corruption and the cover-ups behind a range of weapons deals, from the largest in history—between the British and Saudi governments—to the guns-for-diamonds deals in Africa and the imminent \$60 billion U.S. weapons contract with Saudi Arabia. He exposes in forensic detail both the formal government-to-government trade in arms and the shadow world of illicit weapons dealing, and lays bare the shockingly frequent links between the two. Drawing on his experience as a member of the African National Congress who resigned when the ANC refused to launch a corruption investigation into a major South African arms deal, Feinstein illuminates the impact this network has not only on conflicts around the world but also on the democratic institutions of the United States and the United Kingdom. Based on pathbreaking reporting and unprecedented access to top-secret information and major players in this clandestine realm, The Shadow World places us in the midst of the arms trade's dramatic wheeling and dealing—from corporate boardrooms to seedy out-of-the-way hotels—and reveals the profound danger and enormous financial cost this network represents to all of us.

The Shadows Alex North 2020-07-07 "This is absorbing, headlong reading, a play on classic horror with an inventiveness of its own... As with all the best illusions, you are left feeling not tricked, but full of wonder." - The New York Times The haunting new thriller from Alex North, author of the New York Times bestseller The Whisper Man You knew a teenager like Charlie Crabtree. A dark imagination, a sinister smile—always on the outside of the group. Some part of you suspected he might be capable of doing something awful. Twenty-five years ago, Crabtree did just that, committing a murder so shocking that it's attracted that strange kind of infamy that only exists on the darkest corners of the internet—and inspired more than one copycat. Paul Adams remembers the case all too well: Crabtree—and his victim—were Paul's friends. Paul has slowly put his life back together. But now his mother, old and suffering from dementia, has taken a turn for the worse. Though every inch of him resists, it is time to come home. It's not long before things start to go wrong. Paul learns that Detective Amanda Beck is investigating another copycat that has struck in the nearby town of Featherbank. His mother is distressed, insistent that there's something in the house. And someone is following him. Which reminds him of the most unsettling thing about that awful day twenty-five years ago. It wasn't just the murder. It was the fact that afterward, Charlie Crabtree was never seen again...

Duty Robert M. Gates 2015-05-12 After serving six presidents in both the CIA and the National Security Council, Robert M. Gates believed that he had left Washington politics behind for good—but when he received the call from the White House in 2006 to help a nation mired in two wars, he answered what he felt was the call of duty. Forthright and unsparing, Duty is Gates's behind-the-scenes account of his nearly five years as a Secretary of Defense at war: the battles with Congress, the two presidents he served, the military itself, and the vast Pentagon bureaucracy; his efforts to help George W. Bush turn the tide in Iraq; his role as a guiding (and often dissenting) voice for Barack Obama; and, most importantly, his ardent devotion to and love for American soldiers. Offering unvarnished appraisals of our political leaders, including Dick Cheney, Joe Biden, and Hillary Clinton, Duty tells a powerful and deeply personal story, giving us an unprecedented look at two administrations and the wars that have defined them.

Circle of Treason Sandra Grimes 2012-12-15 Circle of Treason details the authors' personal involvement in the hunt for and eventual identification of a Soviet mole in the CIA during the 1980s and 1990s. The search for the presumed traitor was necessitated by the loss of almost all of the CIA's large stable of Soviet intelligence officers working for the United States against their homeland. Aldrich Ames, a long-time acquaintance and co-worker of the authors in the Soviet-East European Division and Counterintelligence Center of CIA, turned out to be that mole. In April 1985 Ames walked in to the Soviet Embassy in Washington, D. C. and volunteered to the KGB, working for the Soviet Union for nine years until his arrest by the FBI in February 1994. Ames was arguably one of the most destructive traitors in American history, and is most well-known for providing information which led to the death of at least 11 Soviet intelligence officers who spied for the West. The authors participated in the majority of these cases and the book provides detailed accounts of the operational contact with the agents as well as other similar important cases with which the authors also had personal involvement. The stories of the brave men who were executed or imprisoned by the Soviet Union include GRU General Dmitry Fedorovich Polyakov, KGB Colonel Leonid Georgiyevich Poleshchuk, KGB Colonel Vladimir Mikhaylovich Piguzov, GRU technical officer Nikolay Chernov, GRU Lieutenant Colonel Boris Nikolayevich Yuzhin, KGB scientific and technical officer Vladimir Ippolitovich Vetrov, GRU Colonel Vladimir Mikhaylovich Vasilyev, GRU officer Gennadiy Aleksandrovich Smetanin, KGB illegals support officer Gennadiy Grigoryevich Varenik, KGB scientific and technical officer Valeriy Fedorovich Martynov, KGB political intelligence officer Sergey Mikhaylovich Motorin, KGB officer Sergey Vorontsov, and Soviet scientist Adolf Grigoryevich Tolkachev. Other operations include KGB technical officer Viktor Ivanovich Sheymov, GRU Colonel Sergey Ivanovich Bokhan, and KGB Colonel Aleksey Isidorovich Kulak. Of particular note in the

preceding list of agents compromised by Aldrich Ames is GRU General Dmitry Fedorovich Polyakov, the highest-ranking spy ever run by the U.S. government against the Soviet Union during the Cold War. Described as the "Crown Jewel", he provided the U.S. with a treasure trove of information during his 20-plus year history of cooperation. The book also covers the aftermath of Aldrich Ames' arrest: the Congressional wrath on CIA for not identifying him sooner; FBI/CIA debriefings of Ames following his plea bargain; a retrospective of Ames the person and Ames the spy; and a comparison of Ames and FBI special agent and Soviet spy Robert Hanssen, arrested in February 2001 and sentenced to life in prison for spying for the Soviet Union against the U.S. for over 20 years. Although not personally involved in the Hanssen investigation, the two authors were peripherally involved in what became, after many false starts the Hanssen case.

From the Shadows Robert M. Gates 2011-12-20 Written by a former director of the CIA, this is the story of America's and the agency's role in the collapse of communism in the Soviet Union and Eastern Europe. As the only person to rise from entry-level analyst to Director of the CIA and to serve on the White House staffs of four Presidents, Robert Gates is uniquely qualified to tell the unprecedented inside story of the Cold War. Drawing on his access to classified information and top-level involvement in policy decisions, Gates lays bare the hidden wars and operations the United States waged against communism worldwide. Ever certain that the fifty-year struggle with the Soviet Union was indeed a war, Gates makes candid appraisals of Presidents, key officials, and policies of the period. Among his disclosures are: how Carter laid the foundations for Reagan's covert wars against the Soviets; CIA predictions of a conservative coup against Gorbachev and the collapse of the Soviet Union; CIA and KGB "black operations" against each other; the secret relationship between Pope John Paul II and the Soviets; and three secret CIA-KGB summits. From the Shadows is a classic memoir on the career of a CIA officer at the center of power during a time when the threat of global annihilation informed America's every move.

Out of the Shadows Emily Midorikawa 2021-05-11 Queen Victoria's reign was an era of breathtaking social change, but it did little to create a platform for women to express themselves. But not so within the social sphere of the *séance*—a mysterious, lamp-lit world on both sides of the Atlantic, in which women who craved a public voice could hold their own. Out of the Shadows tells the stories of the enterprising women whose supposedly clairvoyant gifts granted them fame, fortune, and most important, influence as they crossed rigid boundaries of gender and class as easily as they passed between the realms of the living and the dead. The Fox sisters inspired some of the era's best-known political activists and set off a transatlantic *séance* craze. While in the throes of a trance, Emma Hardinge Britten delivered powerful speeches to crowds of thousands. Victoria Woodhull claimed guidance from the spirit world as she took on the millionaires of Wall Street before becoming America's first female presidential candidate. And Georgina Weldon narrowly escaped the asylum before becoming a celebrity campaigner against archaic lunacy laws. Drawing on diaries, letters, and rarely seen memoirs and texts, Emily Midorikawa illuminates a radical history of female influence that has been confined to the dark until now.

Hunger of the Pine Teal Swan 2020-10-13 Aria Abbott has never had a home. Drifting through the foster system for most of her life, she finally finds herself in a situation so unbearable that she has no choice but to run away. Sleeping on the streets pushes Aria beyond any suffering she has felt before; the only thing worse than seeing no escape is the knowledge that no one in the world cares enough to try and find her. Enter Taylor, a homeless young man with a charismatic smile and a dream of fame, fortune, and the sunshine of LA. Swept up in his energy, Aria and Taylor board a greyhound bus and never look back. In this bright new world, Aria will discover a whole community of people living in the shadows, in the margins of society. As Taylor follows his dreams, Aria follows her heart. But she will discover that it isn't always clear who you can trust, that strangers can be kind, or treacherous, or sometimes as familiar as your own reflection, if you're willing to look hard enough.

Red Team Micah Zenko 2015-11-03 Essential reading for business leaders and policymakers, an in-depth investigation of red teaming, the practice of inhabiting the perspective of potential competitors to gain a strategic advantage. Red teaming. The concept is as old as the Devil's Advocate, the eleventh-century Vatican official charged with discrediting candidates for sainthood. Today, red teams are used widely in both the public and the private sector by those seeking to better understand the interests, intentions, and capabilities of institutional rivals. In the right circumstances, red teams can yield impressive results, giving businesses an edge over their competition, poking holes in vital intelligence estimates, and troubleshooting dangerous military missions long before boots are on the ground. But not all red teams are created equal; indeed, some cause more damage than they prevent. Drawing on a fascinating range of case studies, Red Team shows not only how to create and empower red teams, but also what to do with the information they produce. In this vivid, deeply-informed account, national security expert Micah Zenko provides the definitive book on this important strategy—full of vital insights for decision makers of all kinds.

Best Wishes, Warmest Regards Daniel Levy 2021-10-26 NEW YORK TIMES BESTSELLER GLOBE AND MAIL BESTSELLER The official tie-in book for the beloved, nine-time Emmy® Award-winning series *Schitt's Creek*. This beautifully produced, keepsake coffee-table book is the ultimate celebration of the series, the town, the characters, and the state of mind that is *Schitt's Creek*. Capturing the essence and alchemy of all six seasons of what is now considered to be one of the most groundbreaking comedy television series of the last decade, *Best Wishes, Warmest Regards* is a gift to fans everywhere who have made the show their own. Included are character profiles from the cast of Johnny, Moira, David, and Alexis, and all of the characters that populate the town, major moments from Moira's endorsement of Herb Erlinger's winery, to Patrick and David's first kiss, to Cabaret and the Rose Family Christmas episode. Also included are special features, such as the complete, illustrated catalogs of David's knits and Moira's wigs, Moira's vocabulary, Alexis's adventures, and behind-the-scenes moments from Dan and Eugene Levy and the cast of *Schitt's Creek*.

Hunting in the Shadows: The Pursuit of Al Qa'ida Since 9/11 Seth G. Jones 2012-05 A former senior advisor at U.S. Special Operations Command recounts the history of the United States' ongoing battle against al-Qa'ida, describing investigations conducted by the combined efforts of the CIA, FBI and MI5 and the shifting alliances between terrorist groups. 30,000 first printing.

Worthy Fights Leon Panetta 2015-09-15 Leon Panetta has had two of the most consequential careers of any American public servant in the past fifty years. His first, beginning as an army intelligence officer and including a run as one of Congress's most powerful and respected members, lasted 35 years and culminated in his role as Clinton's budget czar and White House chief of staff. He then "retired" to establish the Panetta Institute, to serve on the Iraq Study Group; and to protect the California coast. In 2009 he accepted what many said was a thankless task: returning to public office as the director of the CIA.

Pretty Little Wife Darby Kane 2020-12-29 Darby Kane thrills with this twisty domestic suspense novel that asks one central question: shouldn't a dead husband stay dead? Lila Ridgefield lives in an idyllic college town, but not everything is what it seems. Lila isn't what she seems. A student vanished months ago. Now, Lila's husband, Aaron, is also missing. At first these cases are treated as horrible coincidences until it's discovered the student is really the third of three unexplained disappearances over the last few years. The police are desperate to find the connection, if there even is one. Little do they know they might be stumbling over only part of the truth.... With the small town in an uproar, everyone is worried about the whereabouts of their beloved high school teacher. Everyone except Lila, his wife. She's definitely confused about her missing husband but only because she was the last person to see his body, and now it's gone.

Star Wars Insider: The Fiction Collection Volume 1 Ryder Windham 2021-04-07 18 fully illustrated short stories. Darth Vader confronts a mysterious face from Anakin Skywalker's past... Lando Calrissian faces the terrifying firepower of an Imperial walker... The Empire's stormtroopers ruthlessly pursue survivors from Alderaan... A squadron of B-wing fighters engage in a desperate mission during the Battle of Endor... This volume features a diverse collection of short stories which chronicle the exploits of intriguing assorted side characters along with some of the more familiar names in the saga, including Lando Calrissian, Han Solo, and Darth Vader. The tales include Legends stories - from the continuity pre-2014 - such as a moving tale of Darth Vader reuniting with an old acquaintance, a dark story with the mysterious Darth Plagueis, and an edge-of-your-seat adventure with Han Solo and Chewbacca in action aboard the Millennium Falcon. From the current lore - 2015 to present - there are tales of Blade Squadron, the pilots of the Rebel Alliance's B-wing starfighters, as they strike out against the Empire; the story of Darth Vader and the Emperor making a surprise inspection of an Imperial facility; and a gripping tale of survivors of Alderaan evading the Empire's stormtroopers.

Obama's Wars Bob Woodward 2011-05-03 Shows President Obama making the critical decisions on the Afghanistan War, the secret war in Pakistan, and the worldwide fight against terrorism. Putin's People Catherine Belton 2020-06-23 A New York Times and Sunday Times bestseller | A New York Times Book Review Editors' Choice Named a best book of the year by The Economist | Financial Times | The Telegraph ("Putin's People" will surely now become the definitive account of the rise of Putin and Putinism. —Anne Applebaum, The Atlantic "This riveting, immaculately researched book is arguably the best single volume written about Putin, the people around him and perhaps even about contemporary Russia itself in the past three decades." —Peter Frankopan, Financial Times Interference in American elections. The sponsorship of extremist politics in Europe. War in Ukraine. In recent years, Vladimir Putin's Russia has waged a concerted campaign to expand its influence and undermine Western institutions. But how and why did all this come about, and who has orchestrated it? In *Putin's People*, the investigative journalist and former Moscow correspondent Catherine Belton reveals the untold story of how Vladimir Putin and the small group of KGB men surrounding him rose to power and looted their country. Delving deep into the workings of Putin's Kremlin, Belton accesses key inside players to reveal how Putin replaced the free-wheeling tycoons of the Yeltsin era with a new generation of loyal oligarchs, who in turn subverted Russia's economy and legal system and extended the Kremlin's reach into the United States and Europe. The result is a chilling and revelatory exposé of the KGB's *revanche*—a story that begins in the murk of the Soviet collapse, when networks of operatives were able to siphon billions of dollars out of state enterprises and move their spoils into the West. Putin and his allies subsequently completed the agenda, reasserting Russian power while taking control of the economy for themselves, suppressing independent voices, and launching covert influence operations abroad. Ranging from Moscow and London to Switzerland and Brooklyn's Brighton Beach—and assembling a colorful cast of characters to match—*Putin's People* is the definitive account of how hopes for the new Russia went astray, with stark consequences for its inhabitants and, increasingly, the world.

Concealed in the Shadows Gabrielle Arrowsmith 2013-05-17 Sydney Harter has long awaited September 12th, 2033—her eighteenth birthday. She can finally apply for guardianship of her sister, who is her only family and entire world. She hopes they will be lawfully reunited, but is prepared to defy authority and risk everything to escape the captivity of Miles County so that they can be together. Escaping will be difficult and dangerous. Citizens are bound to their county by sophisticated chip implants that deliver shocks to those who dare to cross the electric barrier. Sydney is very clever, but her trickery is limited against the all-seeing eyes of technology. Even if they were to survive the escape, disappearing into the forgotten forests and towns of the past seems an impossible task. What Sydney doesn't know is that she is the particular interest of two opposing forces. With deceit, fear, and warfare surrounding her—can she trust the party that aims to help with her fight against the other? Can she open her heart to receive and return unexpected love? When her sister's life becomes jeopardized, Sydney will have to weigh a new love against the only enduring love she has known. The cost could be deadly... How will she choose?

The Human Factor Archie Brown 2020-03-13 In this penetrating analysis of the role of political leadership in the Cold War's ending, Archie Brown shows why the popular view that Western economic and military strength left the Soviet Union with no alternative but to admit defeat is wrong. To understand the significance of the parts played by Mikhail Gorbachev, Ronald Reagan and Margaret Thatcher in East-West relations in the second half of the 1980s, Brown addresses several specific questions: What were the values and assumptions of these leaders, and how did their perceptions evolve? What were the major influences on them? To what extent were they reflecting the views of their own political establishment or challenging them? How important for ending the East-West standoff were their interrelations? Would any of the realistically alternative leaders of their countries at that time have pursued approximately the same policies? The Cold War got colder in the early 1980s and the relationship between the two military superpowers, the USA and the Soviet Union, each of whom had the capacity to annihilate the other, was tense. By the end of the decade, East-West relations had been utterly transformed, with most of the dividing lines - including the division of Europe - removed. Engagement between Gorbachev and Reagan was a crucial part of that process of change. More surprising was Thatcher's role. Regarded by Reagan as his ideological and political soulmate, she formed also a strong and supportive relationship with Gorbachev (beginning three months before he came to power). Promoting Gorbachev in Washington as 'a man to do business with', she became, in the words of her foreign policy adviser Sir Percy Cradock, 'an agent of influence in both directions'.

Eyes on the Horizon Richard Myers 2009-03-17 A former chairman of the joint chiefs of staff challenges misconceptions about the planning and execution of the Iraq War, sharing insights into how America's national security system works while outlining a blueprint for key changes. 125,000 first printing.

Emerson Robert D. Richardson Jr. 2015-04-22 Ralph Waldo Emerson is one of the most important figures in the history of American thought, religion, and literature. The vitality of his writings and the unsettling power of his example continue to influence us more than a hundred years after his death. Now Robert D. Richardson Jr. brings to life an Emerson very different from the old stereotype of the passionless Sage of Concord. Drawing on a vast amount of new material, including correspondence among the Emerson brothers, Richardson gives us a rewarding intellectual biography that is also a portrait of the whole man. These pages present a young suitor, a grief-stricken widower, an affectionate father, and a man with an abiding genius for friendship. The great spokesman for individualism and self-reliance turns out to have been a good neighbor, an activist citizen, a loyal brother. Here is an Emerson who knew how to laugh, who was self-doubting as well as self-reliant, and who became the greatest intellectual adventurer of his age. Richardson has, as much as possible, let Emerson speak for himself through his published works, his many journals and notebooks, his letters, his reported conversations. This is not merely a study of Emerson's writing and his influence on others; it is Emerson's life as he experienced it. We see the failed minister, the struggling writer, the political reformer, the poetic liberator. The Emerson of this book not only influenced Thoreau, Fuller, Whitman, Dickinson, and Frost, he also inspired Nietzsche, William James, Baudelaire, Marcel Proust, Virginia Woolf, and Jorge Luis Borges. Emerson's timeliness is persistent and striking: his insistence that literature and science are not separate cultures, his emphasis on the worth of every individual, his respect for nature. Richardson gives careful attention to the enormous range of Emerson's readings—from Persian poets to George Sand—and to his many friendships and personal encounters—from Mary Moody Emerson to the Cherokee chiefs in Boston—evoking both the man and the times in which he lived. Throughout this book, Emerson's unquenchable vitality reaches across the decades, and his hold on us endures.

First In Gary Schroen 2005-05-10 While America held its breath in the days immediately following 9/11, a small but determined group of CIA agents covertly began to change history. This is the riveting first-person account of the treacherous top-secret mission inside Afghanistan to set the stage for the defeat of the Taliban and launch the war on terror. As thrilling as any novel, *First In* is a uniquely intimate look at a mission that began the U.S. retaliation against terrorism—and reclaimed the country of Afghanistan for its people.

Fair Play James M. Olson 2011 In the high-stakes world of spying, do the ends justify the means?

Shadows of a Princess Patrick Jephson 2017-07-27 Reissued for the twentieth anniversary of Diana's death, this sensational and controversial bestseller is an explosive account of her life, from the man who was by her side throughout its most turbulent period.

Keepers of the Keys John Prados 1991 Discusses Eisenhower's Gordon Gray and Robert Cutler, Kennedy's crisis managers, Johnson's management of Vietnam, and Henry Kissinger's role in the Nixon administration

The Revenge Tijan 2022-09-13 The Revenge is the taut, edgy, sexy, explosive conclusion to The Insiders trilogy by New York Times and USA Today bestseller Tijan! Bailey and Kash were used to living in the shadows. Now they are thrust into the public eye. Together, they can do anything, but undeniable danger and seemingly insurmountable challenges threaten the love and passion that binds them. 1. Bailey is reeling from the greatest loss she has ever suffered. 2. Enemies are closing in. 3. Even bigger secrets and twists are coming to light. Win or lose, for Bailey and Kash,

everything is on the line.

Operation Iraqi Freedom 2013-07-16 Operation Iraqi Freedom marked a new era in television war coverage. On-the-spot reporting by journalists, photographers, and cameramen captured combat in ways that are nothing less than historic. Sharing the triumphs, tragedies, and daily routines of the soldiers, viewers crouched in the trenches, felt the vibrations of bomb explosions, tasted sands borne on fierce desert winds. We were there—embedded among the troops, eyewitnesses to the horror of battle. Historic television. Historic journalism. NBC news captured it all and was the acknowledged leader among all the network and cable news organizations covering the Iraqi war. This book, written and produced by NBC News, presents a chronological narrative of reporting from the field supplemented by interviews and anchored broadcasts from Qatar, Kuwait, and the United States. The book includes a Foreword by Tom Brokaw, an Introduction by an NBC military expert, and a special dedication to fallen colleague David Bloom. Thousands of hours of images and words have been molded into a concise, eloquent summary of the historic events of the conflict.

A Passion for Leadership Robert M. Gates 2017-01-10 Having led change successfully at three sprawling, monumental organizations—the CIA, Texas A&M University, and the Department of Defense—Robert M. Gates offers the ultimate insider's look at how leaders can transform large organizations and companies. For many Americans, bureaucracy and corporate structure are code words for inertia. Gates knows that it doesn't have to be that way. With stunning clarity, he shares how simple plans, faithfully executed, can cut through the mire of bureaucracy to reform organizational culture. And he shows that great leaders listen and respond to their teams and embrace the power of compromise. Using the full weight of his wisdom, candor, and devotion to duty, he empowers leaders at any level to effectively implement his leadership strategies.

The Recruiter Douglas London 2021-09-28 This revealing memoir from a 34-year veteran of the CIA who worked as a case officer and recruiter of foreign agents before and after 9/11 provides an invaluable perspective on the state of modern spy craft, how the CIA has developed, and how it must continue to evolve. If you've ever wondered what it's like to be a modern-day spy, Douglas London is here to explain. London's overseas work involved spotting and identifying targets, building relationships over weeks or months, and then pitching them to work for the CIA—all the while maintaining various identities, a day job, and a very real wife and kids at home. *The Recruiter: Spying and the Lost Art of American Intelligence* captures the best stories from London's life as a spy, his insights into the challenges and failures of intelligence work, and the complicated relationships he developed with agents and colleagues. In the end, London presents a highly readable insider's tale about the state of espionage, a warning about the decline of American intelligence since 9/11 and Iraq, and what can be done to recover.

State of War James Risen 2008-09-04 With relentless media coverage, breathtaking events, and extraordinary congressional and independent investigations, it is hard to believe that we might not know some of the most significant facts about the presidency of George W. Bush. Yet beneath the surface events of the Bush presidency lies a secret history -- a series of hidden events that makes a mockery of many of the stories on the surface. This hidden history involves domestic spying, abuses of power, and outrageous operations. It includes a CIA that became caught in a political crossfire it could not withstand, even against the wishes of the commander-in-chief. It features a president who created a sphere of deniability, in which his top aides were briefed on matters of the utmost sensitivity -- but the president was carefully kept in ignorance. *STATE OF WAR* reveals this hidden history for the first time, including scandals that will redefine the Bush presidency.
