Stolen, Smuggled, Sold Nancy Moses 2015-06-04 Stolen, Smuggled Sold: On the Hunt for Cultural Treasures tells the dark and compelling stories of iconic cultural objects that were stolen, smuggled or sold, and eventually returned back to their original owner. There are many books about museum heists, Holocaust artwork, insider theft, trafficking in antiquities, and stolen Native American objects. Now, there's finally a book for the general public that covers the entire terrain. The book includes full-color photos of the objects. Stolen, Smuggled, Sold features seven vivid and true stories in which the reader joins the author as she uncovers a cultural treasure and follows its often-convoluted trail. Along the way author and reader encounter a cast of fascinating characters from the underbelly of the cultural world: unscrupulous grave robbers, sinister middlemen, ruthless art dealers, venal Nazis, canny lawyers, valiant academics, unstoppable investigative reporters, unwitting curators, and dedicated government officials. Stories include Gustav Klimt's Portrait of Adele Bloch-Bauer 1, the typeset manuscript for Pearl Buck's The Good Earth, a ceremonial Ghost Dance short from the massacre at Wounded Knee, the theft of 4,800 historical audio discs by a top official at the National Archives, a missing original copy of The Bill of Rights, the mummy of Ramses I, and an ancient treasure from Iraq. While each story is fascinating in and of itself, together they address one of the hottest issues in the museum world: how to deal with the millions of items that have breaks in the chain of ownership, suspicious ownership records, or no provenance at all. The issue of ownership touches on professional practices, international protocols, and national laws. It's a financial issue since the illicit trade in antiquities and cultural items generates as much as \$4 billion to \$8 billion a year.

Ghost Mimic Jonathan Moeller 2016-04-23 Caina Amalas is the Ghost circlemaster of Istarinmul, the leader of the Emperor's spies in the city. Powerful enemies hunt for her, and Caina must ever be on the lookout for new allies. So when she stumbles across a plot to assassinate an influential emir, Caina must save his life. Otherwise the plot might kill the Ghosts of Istarinmul...

Ghost in the Maze (Ghost Exile #2) Jonathan Moeller 2014-05-27 Caina Amalas is a Ghost circlemaster, leader of the Emperor's spies in Istarinmul. Yet the people of Istarinmul know her as the Balariagar, the daring master thief who challenged the corrupt lords and cruel princes of the city. And now Grand Master Callatas, the most powerful sorcerer of Istarinmul, wants her dead, and without allies Caina will not survive. So when a legendary thief offers Caina a chance to rob Callatas himself, she has no choice but to join the venture. But no one has ever escaped the dark perils of Callatas's Maze...

Affective Architectures Jacque Micieli-Voutsinas 2020-09-21 How do places manipulate our emotions? How are spaces affectious in their articulation and design? This book provides theoretical frameworks for exploring affective dimensions of architectural sites based on the notion that heritage, as an embodied experience, is embedded in places and spaces. Drawing together an interdisciplinary collection of essays spanning geographically diverse architectural sites - including Ford's Theater, the site of President Lincoln's assassination; the Estadio Nacional of Santiago, Chile, where 12,000 detainees were held following the ouster of President Salvador Allende; and Unit 731, the site of a biological and chemical warfare research unit of the Imperial Japanese army in Harbin, China, among others - this edited collection assembles critical dialogue amongst scholars and practitioners engaging in affective and other more-than-representational approaches to cultural memory, heritage, and identity-making. Broken into three main sections: Affective Politics; Embedded Geographies; and Affective Methodologies, this book draws together multidisciplinary perspectives from the arts, social sciences and humanities to understand the role of architecture in generating embodied experiences at places of memory. This book offers interdisciplinary perspectives on fundamental questions of memory, identity and space. It will be of interest to students and scholars in the fields of geography, architecture, cultural studies, and museum and heritage studies.

Covert Game Christine Feehan 2018-03-20 Treason, torture and temptation haunt the GhostWalkers in their most dangerous adventure yet, as Christine Feehan's #1 New York Times bestselling series hits an explosive new high. Rescuing an industrial spy from the hands of a criminal mastermind is a suicide mission for the GhostWalkers. And there's no one more up to the task than Gino Mazza. He's the perfect killing machine--a man driven by demons so dark and destructive that his blighted soul has given up trying to find solace. But his laser-sharp focus on his target has transformed into something nearing desire. A treasonous senator dangled top secret GhostWalker data in front of a Chinese crime lord, and he bit. Zara Hightower, one of the world's leading experts on artificial intelligence, was sent in to psychically wipe the crime lord's computer network. She succeeded, but at a huge cost. Now she's the captive of a man who has descended into paranoid madness. Torture and death await her... But GhostWalkers never leave one of their own in enemy territory. And it's up to Gino to save Zara, or kill her if it turns out she's led them into a trap. Either way, heaven or hell won't stop him...

Cultural Haunting Kathleen Brogan 1998 In this text, Kathleen Brogan makes the case that the recent preoccupation with ghosts stems not from a lingering interest in Gothic themes, but instead from a whole new genre in American literature that she calls 'the story of cultural haunting'.

Ghosts in the Graveyard Robert Ropars 2014-10-31 Some games only children should play... Ten years ago, three girlfriends set out to play an innocent child's game: Ghosts in the Graveyard. They knew they shouldn't sneak into a cemetery on Halloween night, but the twins, Lisa & Louise Grady, and Ari West were always up for some mischief. When one of the twins disappears without a trace that night, her sister and best friend never recover from that loss. Now Ari must race against time to find out what really happened to her lost friend. In this spellbinding Gothic horror story, Ari and her family become convinced something is trying to possess her. As they experience increasingly violent psychic phenomena, will she learn what really happened ten years ago before history repeats itself and her soul is lost forever?

Ghost Portrait Greg Norminton 2005-01-01 Set in 17th-century England, the haunting tale of a painter who lived through the Civil War, Cromwell's reign and the Restoration This intimate and compelling novel deftly interweaves three periods in the life of 17th-century painter Nathaniel Deller: in 1650, just after Charles 1's execution, the young Deller joins a political group too radical even for the Roundheads; ten years later, on the night of Charles 1's return from exile, Deller is accused by his former friend Thomas Digby of betraying their ideals; and in 1680, the increasingly blind painter commissions his former pupil William Stroud to finish the portrait of his late wife, knowing this could reignite the romance between Stroud and the daughter he tyrannises. Offering a vivid picture of England during a period of great turmoil, GHOST PORTRAIT explores the conflict between public duty and private desire, idealism and ambition.

Calliope Mark Pucci 2013-07-21 Calliope is a literary novel. In its simplest form, it is the story of a man longing to become the young, idealistic person he once was when the world seemed completely open to promise. It is the desire to re-experience life with all the naiveté and hope of romantic youth. In its allegorical form, the story explores such themes as purpose, morality, social convention, materialism and happiness. When the protagonist meets an orange-haired girl, his life is forever altered. Her name is Calliope, and what occurs throughout the rest of the novel is a wild, episodic fugue. The flight becomes a frenetic interlacing through wilderness and civilization, this being an allusion to Jean-Jacques Rousseau's Discourse on Inequality. The wilderness comes to represent a path back to the primal self, while civilization is more dubious representing both the potential for corruption, as well as the great heights of artistic and rational endeavors. Yet while on the journey, the protagonist is forced to look at life anew in part due to the somewhat unscrupulous efforts of Calliope. Morality is examined through the eyes of Calliope, who is by all intensive purposes Greek, which means pre-Christian. Her moral code is not affected by the guilt of Christianity. Her nakedness throughout the novel in part symbolizes a complete lack of shame. As for her beliefs, an understanding of Friedrich Nietzsche's perspectivism best represents her values. This allows the protagonist an opportunity to erase everything that he has learned. All custom, all forms of etiquette, religious belief, habit and convention must be forgotten in order to re-experience the world with the sense of wonderment he so eagerly longs for. With no ties to the world, he embarks upon an epic voyage of silliness and profound examination. Lured along by this electric, orange-haired muse, he becomes convinced that she is either bent upon his supreme salvation or utter damnation. What is so amazing about the entire journey is where they both end up—a location which seems to be the last place the protagonist was in complete control of his destiny. Therefore, a true chance to begin again is perhaps realized.

Unholy Empire D. Brian Shafer 2002-11-10 The prophetic clock is ticking. Lucifer and his army of 'imps' search frantically for the prophetic "Seed of the woman". The memory of God's promise that this seed would rise up and crush the serpent's head stirs them to shadowy demonic activity. Unholy Empire chronicles the duel between God and the fallen angels as both focus their attention on the Seed. The devils watch for any and every sign of the Seed in an all out effort to stop, delay, compromise, or otherwise destroy this impending prophetic nightmare. If they fail they are all doomed. The second book in the "Chronicles of the Host Series", Unholy Empire uncovers the major themes covering the Seed and the people of covenant as well as Lucifer's all-out war against them. It sheds new light on dramatic encounters between Cain and Abel, Moses and Pharaoh, David and Goliath, and others.

Holding Back The Tears Annie Mitchell 2013-09-16 This is true story about real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - 'ME LADDIE'. Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and needs no help from anyone, thank you; - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her belief's about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

Space, Politics, and Cultural Representation in Modern China Enhua Zhang 2016-12-08 Regarding revolution as a spatial practice, this book explores modes of spatial construction in modern China through a panoramic overview of major Chinese revolutionary events and nuanced analysis of cultural representations. Examining the relationship between revolution, space, and culture in modern China the author takes five spatially significant revolutionary events as case studies - the territorial dispute between Russia and the Qing dynasty in 1892, the Land Reform in the 1920s, the Long March (1934-36), the mainland-Taiwan split in 1949, and the Cultural Revolution (1966-76) - and analyses how revolution constructs, conceives, and transforms space. Using materials associated with these events, including primarily literature, as well as maps, political treatises, historiography, plays, film, and art, the book argues that in addition to redirecting the flow of Chinese history, revolutionary movements operate in and on space in three main ways: maintaining territorial sovereignty, redefining social relations, and governing an imaginary realm. Arguing for reconsideration of revolution as a reorganization of space as much as time, this book will appeal to students and scholars of Chinese culture, society, history and literature.
