Computers for Seniors For Dummies Nancy Muir 2009-09-19 The first time I heard the term "computer crash," I started worrying about the challenge of mastering these machines. Frankly I had all the gear but little or no idea on how to even get started. It's like an accelerator, no brake, not even a steering wheel, how was I going to control and do something useful with this computer? It's not my fault. I have to be that way as long as you have the proper instruction. Get your first computer driving lessons from Computers For Seniors For Dummies. The For Dummies team is known for making even the most difficult subjects easy - and fun - to master. In this book you'll find the ideal road map for finding your way around a personal computer, your PC (learnt something new already!) for the first time. Using Computers For Seniors For Dummies, you discover how to set up and fine tune your PC. You find out how to use Windows and Linux - the petrol for your machine. Then the fun really begins! You can surf the vast world of the Internet to do anything from catching up on the latest news to finding out about a new hobby. (Be sure to visit me at www.stirlingmoss.com!) You can put your photos on the computer and share them with friends and family. You can play games. You can play music. You can shop for anything and everything under the sun. You can send greetings and gifts and join in online discussions. You can plan your vacations and print maps to your destination so you can get there without a wrong turn! And if you run into trouble, Computers For Seniors For Dummies has a troubleshooting shop - a section on working out and fixing the problem. Computers open up a great world of possibilities. You should be a part of it. With Computers For Seniors For Dummies, you have the power to participate in that world. If I can learn to drive a computer, you can, although I still have my "L" plates on, so can you! Lose your fear and take control of your new machine with Computers For Seniors For Dummies - the book that is easy and fun to use and prepared especially for you.

Goodnight iPad Ann Droyd 2011-10-27 A parody of the children's classic and a hilarious gift for anyone that finds modern life stressful and absurd. In a bright buzzing room, in the glow of the moon-and iPhones and Androids and Blackberries too-it is time to say goodnight... Modern life is abuzz. There are huge LCD WiFi HD TVs and Facebook requests and thumbs tapping texts and new video clips of cats doing flips. Wouldn't it be nice to say goodnight to all that? Like the rest of us who cannot resist just a few more clicks, you may find yourself ready for bed while still clinging to your electronics long after dark. This book, which is made of

a reminder for the child in all of us to power down at the end of the day. This hilarious parody not only pokes loving fun at the quiet of the original classic, but also at our modern plugged-in lives. It will make you laugh, and it will also help you put your machines to sleep. Don't worry, though. Your gadgets will be waiting for you, fully charged, in the morning.

iPhone For Dummies Edward C. Baig 2020-11-24 The latest edition – updated to cover iOS 14 and iPhone 12 Nothing seems to move faster than an iPhone. Just when you think you know your way around the device, a new update arrives and you have to learn everything all over again. This fully revised edition of iPhone For Dummies arrives just in time to keep you up to date on iOS 14, the latest version of the iOS operating system released in late 2020, as well as all the updated features of iPhone 12. But don't worry about sticking with your current iPhone or buying an older model. This book offers help on using any iPhone that runs iOS 14, all the way back to iPhone 6. Written by two longtime Apple fans and experts, this revised guide covers the essentials you'll need to know about this industry-leading device and its slick iOS operating system, kicking off with set-up—navigating settings, hooking up to wifi, streaming audio and video—and then gearing you up to warp speed with the many incredible ways this smartphone's tools and apps can bring an extra dimension to your life. Explore the basics of iOS 14 Enhance your interests with apps Get artsy with photos, video, and music Troubleshoot common problems Learn what makes the iPhone 12 different than the 11, X, SE, or older models Whether you're getting started with a new phone or want to get even more from your current version, iPhone For Dummies puts the power of the device at your fingertips!

Computers for Seniors for Dummies Nancy C. Muir 2009-09-19 The first time I heard the term "computer crash," I started worrying about the challenge of mastering these machines. Frankly I had all the gear but little or no idea on how to even get started. It was like an accelerator, no brake, not even a steering wheel, how was I going to control and do something useful with this computer? It turns out it has to be that way as long as you have the proper instruction. Get your first computer driving lessons from Computers For Seniors For Dummies. The For Dummies team is known for making even the most difficult subjects easy - and fun - to master. In this book you will find the ideal road map for finding your way around a personal computer, your PC (learnt something new already!) for the first time. Using Computers For Seniors For Dummies, you discover how to set up and fine tune your PC. You find out how to use Windows - the petrol for your machine. Then the fun really begins! You can surf the vast world of the Internet to do anything from catching up on the latest news to finding out about a new hobby. (Be sure to visit me at www.stirlingmoss.com!) You can put your photos on the computer and share them with friends and family. You can play games. You can play music. You can shop for anything and everything under the sun. You can send greetings and gifts and join in online discussions. You can plan your vacations and print maps to your destination so you can get there without a wrong turn! And if you run into trouble, Computers For Seniors For Dummies has a troubleshooting shop - a section on working out and fixing the problem. Computers open up a great world of possibilities. You should be a part of it. With Computers For Seniors For Dummies, you have the power to participate in that world. If I can learn to drive a computer, you can, although I still have my "L" plates on, so can you! Lose your fear and take control of your new machine with Computers For Seniors For Dummies - the book that is easy and fun to use and prepared especially for you.
