

## Juanito Laguna

Thank you definitely much for downloading Juanito Laguna. Maybe you have knowledge that, people have look numerous time for their favorite books once this Juanito Laguna, but end up in harmful downloads.

Rather than enjoying a good ebook next a mug of coffee in the afternoon, on the other hand they juggled when some harmful virus inside their computer. Juanito Laguna is understandable in our digital library an online admission to it is set as public hence you can download it instantly. Our digital library saves in compound countries, allowing you to get the most less latency epoch to download any of our books taking into account this one. Merely said, the Juanito Laguna is universally compatible in the manner of any devices to read.

***New Suburban Stories*** Martin Dines 2013-09-12 Exploring fiction, film and art from across the USA, South America, Asia, Europe and Australia, *New Suburban Stories* brings together new research from leading international scholars to examine cultural representations of the suburbs, home to a rapidly increasing proportion of the world's population. Focussing in particular on works that challenge conventional attitudes to suburbia, the book considers how suburban communities have taken control of their own representation to tell their own stories in contemporary novels, poetry, autobiography, cinema, social media and public art tell the story of how suburban.

***Image and Text in Conceptual Art*** Eve Kalyva 2017-06-29 This book examines the use of image and text juxtapositions in conceptual art as a strategy for challenging several ideological and institutional demands placed on art. While conceptual art is generally identified by its use of language, this book makes clear exactly how language was used. In particular, it asks: How has the presence of language in a visual art context changed the ways art is talked about, theorised and produced? *Image and Text in Conceptual Art* demonstrates how artworks communicate in context and evaluates their critical potential. It discusses international case studies and draws resources from art history and theory, philosophy, discourse analysis, literary criticism and social semiotics. Engaging the critical and social dimensions of art, it proposes three methods of analysis that consider the work's performative gesture, its logico-semantic relations and the rhetorical operations in the discursive creation of meaning. This book offers a comprehensive method of analysis that can be applied beyond conceptual art.

***Latin American Art Since 1900 (third edition) (World of Art)*** Edward Lucie-Smith 2020-04-14 An extraordinary synthesis of more than a century's worth of art across Central and South America, *Latin American Art Since 1900* covers everyone from popular figures such as Diego Rivera and Frida Kahlo, to a wide range of other artists who are less well-known outside Latin America. In this classic survey, now updated with full-color images throughout, Edward Lucie-Smith introduces the art of Latin America from 1900 to the present day. Lucie-Smith examines major artists such as Diego Rivera and Frida Kahlo, as well as dozens of less familiar Latin American artists and exiled artists from Europe and the United States who spent their lives in South America, such as Leonora Carrington. The author explains the political context for artistic development and sets the works in national, cultural, and international frameworks. Featured in this book are the artists who have searched for indigenous roots and local tradition; explored abstraction, expressionism, and new media; entered into dialogue with European and North American movements, while insisting on reaching a wide, popular audience for their work; and created an energetic, innovative, and varied art scene across the South American continent. With a new chapter that extends the discussion into the twenty-first century, a constant theme of *Latin American Art Since 1900* is the embrace of the experimental and the new by artists across Latin America.

***The Oxford Handbook of Dance and Politics*** Rebekah J. Kowal 2017-01-03 In recent decades, dance has become a vehicle for querying assumptions about what it means to be embodied, in turn illuminating intersections among the political, the social, the aesthetical, and the phenomenological. *The Oxford Handbook of Dance and Politics* edited by internationally lauded scholars Rebekah Kowal, Gerald Siegmund, and the late Randy Martin presents a compendium of newly-commissioned chapters that

address the interdisciplinary and global scope of dance theory - its political philosophy, social movements, and approaches to bodily difference such as disability, postcolonial, and critical race and queer studies. In six sections 30 of the most prestigious dance scholars in the US and Europe track the political economy of dance and analyze the political dimensions of choreography, of writing history, and of embodied phenomena in general. Employing years of intimate knowledge of dance and its cultural phenomenology, scholars urge readers to re-think dominant cultural codes, their usages, and the meaning they produce and theorize ways dance may help to re-signify and to re-negotiate established cultural practices and their inherent power relations. This handbook poses ever-present questions about dance politics-which aspects or effects of a dance can be considered political? What possibilities and understandings of politics are disclosed through dance? How does a particular dance articulate or undermine forces of authority? How might dance relate to emancipation or bondage of the body? Where and how can dance articulate social movements, represent or challenge political institutions, or offer insight into habits of labor and leisure? The handbook opens its critical terms in two directions. First, it offers an elaborated understanding of how dance achieves its politics. Second, it illustrates how notions of the political are themselves expanded when viewed from the perspective of dance, thus addressing both the relationship between the politics in dance and the politics of dance. Using the most sophisticated theoretical frameworks and engaging with the problematics that come from philosophy, social science, history, and the humanities, chapters explore the affinities, affiliations, concepts, and critiques that are inherent in the act of dance, and questions about matters political that dance makes legible.

**The Shock of Recognition** Lewis Pyenson 2020-10-12 In *The Shock of Recognition*, Lewis Pyenson examines art and science together to shed new light on common motifs in Picasso's and Einstein's education, in European material culture, and in the intellectual life of one nation-state, Argentina.

**Manifestos and Polemics in Latin American Modern Art** Patrick Frank 2017-02-15 Bringing together sixty-five primary documents vital to understanding the history of art in Latin America since 1900, Patrick Frank shows how modern art developed in Latin America in this important new work complementing his previous book, *Twentieth-Century Art of Latin America, Revised and Expanded Edition*. Besides autobiographies, manifestos, interviews, and artists' statements, the editor has assembled material from videos, blogs, handwritten notes, flyers, lectures, and even an after-dinner speech. As the title suggests, many of the texts have a polemical or argumentative cast. In these documents, many of which appear in English for the first time, the artists themselves describe what they hope to accomplish and what they see as obstacles. Designed to show how modern art developed in Latin America, the documents begin with early modern expressions in the early twentieth century, then proceed through the avant-garde of the 1920s, the architectural boom of midcentury, and the Cold War years, and finally conclude with the postmodern artists in the new century.

**Inverted Utopias** Héctor Olea Galaviz 2004-01-01 In the twentieth century, avant-garde artists from Mexico, Central and South America, and the Caribbean created extraordinary and highly innovative paintings, sculptures, assemblages, mixed-media works, and installations. This innovative book presents more than 250 works by some seventy of these artists (including Gego, Joaquin Torres-Garcia, Xul Solar, and Jose Clemente Orozco) and artists' groups, along with interpretive essays by leading authorities and newly translated manifestoes and other theoretical documents written by the artists. Together the images and texts showcase the astonishing artistic achievements of the Latin American avant-garde. The book focuses on two decisive periods: the return from Europe in the 1920s of Latin American avant-garde pioneers; and the expansion of avant-garde activities throughout Latin America after World War II as artists expressed their independence from developments in Europe and the United States. As the authors explain, during these periods Latin American art was fueled by the belief that artistic creations could present a form of utopia - an inversion of the original premise that drove the European avant-garde - and serve as a model for

***Culture and Customs of Argentina*** David William Foster 1998 Discusses the traditions, culture, religion, media, literature, and arts of Argentina.

**Avant-Garde, Internationalism, and Politics** Andrea Giunta 2007-06-25 The 1960s were heady years in Argentina. Visual artists, curators, and critics sought to fuse art and politics; to broaden the definition of art to encompass happenings and assemblages; and, above all, to achieve international recognition for new, cutting-edge Argentine art. A bestseller in Argentina, *Avant-Garde, Internationalism, and Politics* is an examination of the 1960s as a brief historical moment when artists, institutions, and critics joined to

promote an international identity for Argentina's visual arts. The renowned Argentine art historian and critic Andrea Giunta analyzes projects specifically designed to internationalize Argentina's art and avant-garde during the 1960s: the importation of exhibitions of contemporary international art, the sending of Argentine artists abroad to study, the organization of prize competitions involving prestigious international art critics, and the export of exhibitions of Argentine art to Europe and the United States. She looks at the conditions that made these projects possible—not least the Alliance for Progress, a U.S. program of “exchange” and “cooperation” meant to prevent the spread of communism through Latin America in the wake of the Cuban Revolution—as well as the strategies formulated to promote them. She describes the influence of Romero Brest, prominent art critic, supporter of abstract art, and director of the Centro de Artes Visuales del Instituto Tocuato Di Tella (an experimental art center in Buenos Aires); various group programs such as Nueva Figuración and Arte Destructivo; and individual artists including Antonio Berni, Alberto Greco, León Ferrari, Marta Minujin, and Luis Felipe Noé. Giunta's rich narrative illuminates the contentious postwar relationships between art and politics, Latin America and the United States, and local identity and global recognition.

**Letras y Limpias** Amanda V. Ellis 2021-08-10 *Letras y Limpias* is the first book to explore the literary significance of the figure of the curandera within Mexican American literature. Amanda Ellis traces the significance of the curandera and her evolution across a variety of genres written by leading Mexican American authors, including Américo Paredes, Rudolfo Anaya, Gloria E. Anzaldúa, Manuel Munoz, ire'ne lara silva, and more. Ellis explores the curandera in relationship to decoloniality, bioethics, and the topic of healing while recognizing the limitations and spiritual shortcomings of Western medicine. Ellis argues that our contemporary western health-care system does not know how to fully grapple with illnesses that patients face. Ellis reads the curandera's perennial representation as an ongoing example of decolonial love useful for deconstructing narrow definitions of health and personhood, and for grappling with the effects of neoliberalism and colonialism on the health-care industry. *Letras y Limpias* draws from Chicana feminist theory to assert the importance of the mindbodyspirit connection. Ellis conveys theoretical insights about the continual reimagining of the figure of the curandera as a watermark across Mexican American literary texts. This literary figure points to the oppressive forces that create *susto* and reminds us that healing work requires specific attention to colonialism, its legacy, and an intentional choice to carry forward the traditional practices rooted in *curanderismo* passed on from prior generations. By turning toward the figure of the curandera, readers are better poised to challenge prevailing ideas about health, and imagine ways to confront the ongoing problems that coloniality creates. *Letras y Limpias* shows how the figure of the curandera offers us ways to heal that have nothing to do with copays or medical professionals refusing care, and everything to do with honoring the beauty and complexity of any, every, and all humans.

**National Geographic Traveler Argentina** Wayne Bernhardson 2014-10-07 This book is a description and travel guidebook of Argentina. It will assist travellers with their itinerary and plans.

**Hybrid Cultures** Néstor García Canclini 1995

***Artistas latinoamericanos del siglo XX*** Waldo Rasmussen 1993

**The Rough Guide to Buenos Aires** Andrew Benson 2008 This is the ultimate travel guide to the sophisticated and enchanting capital of Argentina, with clear maps and detailed coverage of all the city's best attractions.

**Transcontinental** Guy Brett 1990 Art produced in the so-called Third World, or by non-European or North American artists, is usually seen as either traditional and folkloric, or a poor imitation of modernism. In art history, the avant-garde has always been associated with the Western metropolis, forgetting that every country has had its own particular relationship with modernity. This book describes a contemporary flourishing of radical artistic experiment in Argentine, Brazil and Chile (or by artists originating from there). The focus and priorities have been different to those of Europe and North America; at the same time, the work intensifies many of the issues which face us all. The nine artists whose work is described and analysed here use a wide range of materials: from paint, silkscreen, and photography to potatoes, money, magnets, wire, bone, feathers. Each artist has a particular strategy; in fact the variety and sophistication of the devices they use makes this a dazzling anthology of a modern visual poetics. Each artist invents new and many-levelled metaphors which link the 'Latin American' with the 'global'. This lucidly written, beautifully illustrated book is published to accompany an exhibition of the same title held at the Ikon Gallery, Birmingham and Cornerhouse, Manchester in 1990.

**Touched Bodies** Mara Polgovsky Ezcurra 2019-06-21 Shortlisted for the 2020 Association for the Study

of the Arts of the Present Book Prize Winner of the 2019 Art Journal Prize from the College Art Association What is the role of pleasure and pain in the politics of art? In *Touched Bodies*, Mara Polgovsky Ezcurra approaches this question as she examines the flourishing of live and intermedial performance in Latin America during times of authoritarianism and its significance during transitions to democracy. Based on original documents and innovative readings, her book brings politics and ethics to the discussion of artistic developments during the "long 1980s". She describes the rise of performance art in the context of feminism, HIV-activism, and human right movements, taking a close look at the work of Diamela Eltit and Raúl Zurita from Chile, León Ferrari and Liliana Maresca from Argentina, and Marcos Kurtycz, the No Grupo art collective, and Proceso Pentágono from Mexico. The comparative study of the work of these artists attests to a performative turn in Latin American art during the 1980s that, like photography and film before, recast the artistic field as a whole, changing the ways in which we perceive art and understand its role in society.

**Mexican Muralism** Alejandro Anreus 2012-09-08 In this comprehensive collection of essays, three generations of international scholars examine Mexican muralism in its broad artistic and historical contexts, from its iconic figures—Diego Rivera, José Clemente Orozco, and David Alfaro Siqueiros—to their successors in Mexico, the United States, and across Latin America. These muralists conceived of their art as a political weapon in popular struggles over revolution and resistance, state modernization and civic participation, artistic freedom and cultural imperialism. The contributors to this volume show how these artists' murals transcended borders to engage major issues raised by the many different forms of modernity that emerged throughout the Americas during the twentieth century.

**Latin American Textualities** Heather J. Allen 2018-12-11 Textuality is the condition in which a text is created, edited, archived, published, disseminated, and consumed. "Texts," therefore, encompass a broad variety of artifacts: traditional printed matter such as grammar books and newspaper articles; phonographs; graphic novels; ephemera such as fashion illustrations, catalogs, and postcards; and even virtual databases and cataloging systems. Latin American Textualities is a wide-ranging, interdisciplinary look at textual history, textual artifacts, and digital textualities across Latin America from the colonial era to the present. Editors Heather J. Allen and Andrew R. Reynolds gather a wide range of scholars to investigate the region's textual scholarship. Contributors offer engaging examples of not just artifacts but also the contexts in which the texts are used. Topics include Guamán Poma's library, the effect of sound recordings on writing in Argentina, Sudamericana Publishing House's contribution to the Latin American literary boom, and Argentine science fiction. Latin American Textualities provides new paths to reading Latin American history, culture, and literatures. Contributors: Heather J. Allen Catalina Andrango-Walker Sam Carter Sara Castro-Klarén Edward King Rebecca Kosick Silvia Kurlat Ares Walther Maradiegue Clayton McCarl José Enrique Navarro Andrew R. Reynolds George Antony Thomas Zac Zimmer

**Berni y sus contemporáneos** Antonio Berni 2005

Antonio Berni Vali Guidalevich 2009 ¡Hola! Soy Antonio Berni. ¿Quieren conocer mi historia, mis ideas, mis secretos, mis personajes...? De adelante para atrás y de atrás para adelante... en este libro encontrarás: relatos, imágenes, preguntas y juegos. ¿Qué es lo que Antonio Berni sentía, pensaba, creía y soñaba? ¿Cuáles fueron sus intereses, pasiones e ideales? ¿Cómo se reflejan en su arte? ¿Cómo se entrama su obra con el contexto social en que fue creada y con el actual?

**Historia global de América Latina, 2010-1810** Héctor Pérez Brignoli 2018-04-19 En esta obra destinada a convertirse en un hito en la historiografía de América Latina, Héctor Pérez-Brignoli deja de lado el tradicional planteamiento "desde el origen hasta nuestros días" para arrojar luz sobre la historia del continente desde el momento presente. Realiza esta admirable tarea de síntesis valiéndose con rara habilidad de un original enfoque múltiple. Así, el devenir de América Latina como comunidad se combina con el examen de experiencias individuales significativas como las de Heitor Vila-Lobos y Antonio Berni, músico brasileño y pintor argentino respectivamente, pero también con la perspectiva de la sociedad moderna interrelacionada, global, que no soslaya la presencia del poderoso vecino del norte. La perspectiva del viajero y la del "flâneur" (inspirada por Walter Benjamin), así como el diálogo permanente entre miradas y perspectivas diversas, y el hallazgo de hilos conductores relevantes y significativos acaban haciendo de este empeño una obra de referencia.

**Skylab Explores the Earth** 1977

**Marked for Death** Terry Gould 2010-08-10 Worldwide, nearly three-quarters of journalists who die on assignment are targeted and assassinated for their dogged pursuit of important stories of injustice. In

**Marked for Death**, Terry Gould brings this statistic to life by documenting the lives of seven journalists, in Colombia, the Philippines, Bangladesh, Russia, and Iraq, who had the guts to keep telling the truth in the face of threats from terrorists, corrupt politicians, gangsters, and paramilitary leaders. Gould brings us the lovers, colleagues, rivals, critics, and even the accused murderers of these courageous men and women, searching for the moment in which these journalists understood that they were willing to die in order to get a story out. Their compelling stories highlight how selflessly humans can love justice and their fellow citizens; how dogged and resourceful people can be in attempts to thwart injustice; how vital it is to show the defeated and the indifferent, as well as the powerful; and that there really are some things worth dying for.

**Art in Latin America Dawn** Ades 1989-01-01 This authoritative and beautiful book presents the first continuous narrative history of Latin American art from the years of the Independence movements in the 1820s up to the present day. Exploring both the indigenous roots and the colonial and post-colonial experiences of the various countries, the book investigates fascinating though little-known aspects of nineteenth and twentieth-century art and also provides a context for the contemporary art of the continent.

**Specular City** Laura Podalsky 2004 "A sweeping account of one of the cultural centers of Latin America, *Specular City* tells the history of Buenos Aires during the interregnum after Juan Peron's fall from power and before his restoration. During those two decades, the city experienced a rapid metamorphosis at the behest of its middle class citizens, who were eager to cast off the working-class imprint left by the Peronists. Laura Podalsky discusses the ways in which the proliferation of skyscrapers, the emergence of car culture, and the diffusion of an emerging revolution in the arts helped transform Buenos Aires, and, in so doing, redefine Argentine collective history. More than a cultural and material history of this city, this book also presents Buenos Aires as a crucible for urban life. Examining its structures through films, literatures, new magazines, advertising and architecture, *Specular City* reveals the prominent place of Buenos Aires in the massive changes that Latin America underwent for a new, modern definition of itself." -- from book cover.

**Public Pages** Marcy Schwartz 2018-05-02 Public reading programs are flourishing in many Latin American cities in the new millennium. They defy the conception of reading as solitary and private by literally taking literature to the streets to create new communities of readers. From institutional and official to informal and spontaneous, the reading programs all use public space, distribute creative writing to a mass public, foster collective rather than individual reading, and provide access to literature in unconventional arenas. The first international study of contemporary print culture in the Americas, *Public Pages* reveals how recent cultural policy and collective literary reading intervene in public space to promote social integration in cities in Colombia, Argentina, Brazil, Mexico, and Chile. Marcy Schwartz looks at broad institutional programs such as UNESCO World Book Capital campaigns and the distribution of free books on public transportation, as well as local initiatives that produce handmade books out of recycled materials (known as cartoneras) and display banned books at former military detention centers. She maps the connection between literary reading and the development of cultural citizenship in Latin America, with municipalities, cultural centers, and groups of ordinary citizens harnessing reading as an activity both social and literary. Along with other strategies for reclaiming democracy after decades of authoritarian regimes and political violence, as well as responding to neoliberal economic policies, these acts of reading collectively in public settings invite civic participation and affirm local belonging.

**Juanito Laguna va a la Escuela** Paula Inés Pavcovich 2009

**The Wiley Handbook of Paulo Freire** Carlos Alberto Torres 2019-07-09 Provides new insights on the lasting impact of famed philosopher and educator Paulo Freire 50 years after the publication of his masterpiece, *Pedagogy of the Oppressed*, this book brings new perspectives on rethinking and reinventing Brazilian educator and philosopher Paulo Freire. Written by the most premier exponents and experts of Freirean scholarship, it explores the currency of Freire's contribution to social theory, educational reform, and democratic education. It also analyzes the intersections of Freire's theories with other crucial social theorists such as Gramsci, Gandhi, Habermas, Dewey, Sen, etc. *The Wiley Handbook of Paulo Freire* studies the history and context of the man as a global public intellectual, moving from Brazil to the rest of the world and back. Each section offers insights on the epistemology of the global south initiated by Freire with his work in Latin America; the connections between class, gender, race, religion, the state and eco-pedagogy in the work of Freire; and the contributions he made to democratic

education and educational reform. Presents original theory and analysis of Freire's life and work Offers unique and comprehensive analysis of the reception and application of Paulo Freire in international education on all continents Provides a complete historical study of Freire's contributions to education Systematically analyzes the impact of Freire in teachers training, higher education, and lifelong learning The Wiley Handbook of Paulo Freire is an ideal book for courses on international and comparative education, pedagogy, education policy, international development, and Latin America studies.

*The Argentina Reader* Gabriela Nouzeilles 2002-12-25 DIVAn interdisciplinary anthology that includes many primary materials never before published in English./div

Lonely Planet Buenos Aires Lonely Planet 2017-08-01 Lonely Planet Buenos Aires is your passport to the most relevant, up-to-date advice on what to see and skip, and what hidden discoveries await you. Catch the historic sights of Plaza de Mayo, get a backstage tour of the Teatro Colon, or immerse yourself in a game of futbol; all with your trusted travel companion.

*Argentina* Rose McCarthy 2003-12-15 An overview of the history and culture of Argentina and its people including the geography, myths, arts, daily life, education, industry, and government, with illustrations from primary source documents.

Didáctica de las artes plásticas María del Carmen Palópoli 2005-02 Nuestros alumnos suelen sorprendernos si estamos alertas y abiertos a sus aportes o propuestas, pudiendo hacer de ellas una oportunidad de aprendizaje. No sólo es cuestión de transmitir contenidos o valores: es fundamental el compromiso afectivo del docente y un clima que favorezca que las acciones metodológicas tengan resultados de vital importancia para el alumno. Las materias artísticas son ideales para este tipo de trabajo, permiten aflorar la sensibilidad rescatando fundamentalmente la expresión y la comunicación. Se trata de comunicar con otro lenguaje no verbal el lenguaje de los colores, las texturas, las formas, las líneas, los espacios, con todas sus combinaciones posibles. -- Contracarátula.

Encyclopedia of Contemporary Latin American and Caribbean Cultures Daniel Balderston 2000 This new three-volume encyclopedia features over 4,000 entries on more than 40 regions in Latin America and the Caribbean from 1920 to the present day.

Empire of Pictures Sönke Kunkel 2015-12-01 In Cold War historiography, the 1960s are often described as a decade of mounting diplomatic tensions and international social unrest. At the same time, they were a period of global media revolution: communication satellites compressed time and space, television spread around the world, and images circulated through print media in expanding ways. Examining how U.S. policymakers exploited these changes, this book offers groundbreaking international research into the visual media battles that shaped America's Cold War from West Germany and India to Tanzania and Argentina.

Art of Latin America Marta Traba 1994-01-01 Marta Traba, one of Latin America's most controversial art critics, examines the works of over 1,000 artists from the first 80 years of the 20th century. This book is an indispensable reference for anyone interested in studying the evolution of Latin American art.

Leonard's Price Index of Latin American Art at Auction Susan Theran 1999-11-29 The new Leonard's Price Index of Latin American Art at Auction focuses on a category of art that covers a wide range of periods and styles. It is unique in its coverage of 30 years of sale results and the inclusion of over 1,100 scholarly essays and biographies, some never before published in the English language. Entries, covering the years 1969 to 1999, number over 30,000 lots. The prices realized are from every auction house in North America and are listed in descending order by price within each auction season.

*Volume One* Museum of Contemporary Art (Sydney, N.S.W.) 2012 "The work features over 280 works by more than 170 Australian artists drawn from a period of acquisitions which began with the consitution of the MCA in May 1989."--p. 17.

Astor Piazzolla Astor Piazzolla 2001 A series of interviews with the revolutionary tango musician.

Resisting Categories: Latin American and/or Latino? Mari Carmen Ramirez 2012-04-24 DIV This first volume of the Critical Documents of 20th-Century Latin American and Latino Art series published by the International Center for the Arts of the Americas at the Museum of Fine Arts, Houston, presents 168 crucial texts written by influential artists, critics, curators, journalists, and intellectuals whose writings shed light on questions relating to what it means to be "Latin American" and/or "Latino." Reinforced within a critical framework, the documents address converging issues, including: the construct of "Latinness" itself; the persistent longing for a continental identity; notions of Pan-Latin Americanism; the emergence of collections and exhibitions devoted specifically to "Latin American" or "Latino" art; and multicultural critiques of Latin American and Latino essentialism. The selected documents, many of

which have never before been published in English, span from the late fifteenth century to the present day. They encompass key protagonists of this comprehensive history as well as unfamiliar figures, revealing previously unknown facets of the questions and issues at play. The book series complements the thousands of seminal documents now available through the ICAA Documents of 20th-Century Latin American and Latino Art digital archive, <http://icaadocs.mfah.org>. Together they establish a much-needed intellectual foundation for the exhibition, collection, and interpretation of art produced in Latin America and among Latino populations in the United States. /div

Versions and Inversions Museum of Fine Arts, Houston 2006 "In 2004, MFAH presented Inverted Utopias, a critically acclaimed exhibition focusing on the development of avant-garde art in Latin America from 1920 to 1970. At the time of the exhibition, a major symposium was held at the museum. Edited by Héctor Olea and Mari Carmen Ramírez, this book brings together texts and commentary by leading art historians and critics who participated in the event, including Gabriel Peluffo Linari, Andrea Giunta, Luis Camnitzer, and Lucy R. Lippard, among many others. A wide range of topics is covered, including the avant-garde in America and Europe, Argentine art in the 1960s, Latin American Conceptualism, and Brazilian art trends of the 1950s."--Publisher description.
