Cambridge University Examination Papers 1885

Questions and Answers in Physiological Chemistry With Common Tests, Formulae, Equations, and Past Examination Papers, Founded on the Course in Physiological, Chemistry, Given at the College of Physicians and Surgeons, Columbia University, New York City Edward Christopher Brenner 2017-12-24 Excerpt from Questions and Answers in Physiological Chemistry With Common Tests, Formulae, Equations, and Past Examination Papers, Founded on the Course in Physiological, Chemistry, Given at the College of Physicians and Surgeons, Columbia University, New York City This little book has been written to aid medical students in obtaining a clear and concise idea of the essentials of physiological chemistry. Special care has been taken to select for treatment such questions as best serve to make clear the fundamental principles. A few sentences have been copied verbatim from standard authors. My reference works were: the notes and lectures of Prof. Gies and Prof. Chittenden, Hammarsten's "Physiological Chemistry," Foster's and Kirke's "Physiology" and Curtman's "Urine Analysis." I owe my sincerest thanks to Dr. Gies, without whose kind encouragement this would not have been attempted. I am also under obligations to Mr. George H. Humphreys for assistance in proof reading, and Dr. Harold M. Hays for many valuable suggestions. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
