History Textbooks American Textbook Council 1994 Based on expert review and research, this book provides an innovative standard and guide to social studies textbooks used in kindergarten through 12th grade classrooms for content, style, and design. The standards provide a foundation for individuals to select satisfactory textbooks and to help educators and school boards in the adoption of instructional materials. Chapter 1 addresses the problems of textbook content and style. Chapter 2 discusses the vast business of social studies publishing and the increased complexity of textbook packaging with the movement away from state-level adoption of textbooks. Chapter 3 focuses on the content of social studies textbooks with a comparison of past and present textbooks, a discussion of revisionism and reality, and a look at religion in textbooks. Chapter 4 examines the style and story of textbooks and finds that although the content of past textbooks may be flawed, the prose is superior to recent textbooks. Ideas on narrative, readability, vocabulary, instructional design, history, and style provide ways for textbooks to improve. Chapter 5 addresses the issue of format and proposes clarity and simplicity in technical design of books. Chapter 6 provides an outline to review textbooks for content and style and instructional activities and teacher guidance materials for usefulness. Chapter 7 includes an annotated list of the major U.S. and world history textbooks. (CK)

A History of the United States Daniel Joseph Boorstin 2004-01 A textbook on the history of the United States up to 1991, illustrated with maps, charts, photographs, drawings, and other supplemental information.

Document-Based Assessment for Global History Theresa Noonan 2007-01-01 Enhances the world history curriculum through analysis of primary and secondary sources. Features 23 new and revised document-based questions covering significant eras. Teacher support includes scoring rubric and tips for implementation.

The Global West: Connections & Identities Frank L. Kidner 2018-01-01 THE GLOBAL WEST: CONNECTIONS AND IDENTITIES (formerly MAKING EUROPE) isn't a traditional Western civ textbook--instead, it paints a globally connected portrait of the West through the lenses of politics, religion, social history, biography and cultural identity. Developed by authors who've spent years making history accessible to a diverse range of students, the book excels at teaching students the who, what and how of the subject: how to read primary documents, how to compare and contrast Western and non-Western sources and how to draw connections across time and geographic regions. Western civilization is the most difficult history course for many students. With a clear message that helps them grasp the origins of today's interconnected world, THE GLOBAL WEST aims to change that. U.S. History P. Scott Corbett 2017-12-19 Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Understanding Music N. Alan Clark 2015-12-21 Music moves through time; it is not static. In order to appreciate music we must remember what sounds happened, and anticipate what sounds might come next. This book takes you on a journey of music from past to present, from the Middle Ages to the Baroque Period to the 20th century and beyond!

America Andrew Cayton 2005-11-15 This text provides in-depth balanced content covering the beginnings of U.S. history through the present.

What Is Global History? Sebastian Conrad 2017-08-29 The first comprehensive overview of the innovative new discipline of global history. Until very recently, historians have looked at the past with the tools of the nineteenth century. But globalization has fundamentally altered our ways of knowing, and it is no longer possible to study nations in isolation or to understand world history as emanating from the West. This book reveals why the discipline of global history has emerged as the most dynamic and innovative field in history—one that takes the connectedness of the world as its point of departure, and that poses a fundamental challenge to the premises and methods of history as we know it. What Is Global History? provides a comprehensive overview of this exciting new approach to history. The book addresses some of the biggest questions the discipline will face in the twenty-first century: How does global history differ from other interpretations of world history? How do we write a global history that is not Eurocentric yet does not fall into the trap of creating new centrism? How can historians compare different societies and establish compatibility across space? What are the politics of global history? This in-depth and accessible book also explores the limits of the new paradigm and even its dangers, the question of whom global history should be written for, and much more. Written by a leading expert in the field, What Is Global History? shows how, by understanding the world's past as an integrated whole, historians can remap the terrain of their discipline for our globalized present.

Literature Prentice-Hall, Inc. 1993-11

The Rise of the West William H. McNeill 2009-07-30 The Rise of the West, winner of the National Book Award for history in 1964, is famous for its ambitious scope and intellectual rigor. In it, McNeill challenges the Spengler-Toynbee view that a number of separate civilizations pursued essentially independent careers, and argues instead that human cultures interacted at every stage of their history. The author suggests that from the Neolithic beginnings of grain agriculture to the present major social changes in all parts of the world were triggered by new or newly important foreign stimuli, and he presents a persuasive narrative of world history to support this claim. In a retrospective essay titled "The Rise of the West after Twenty-five Years," McNeill shows how his book was shaped by the time and place in which it was written (1954-63). He discusses how historiography subsequently developed and suggests how his portrait of the world's past in The Rise of the West should be revised to reflect these changes. "This is not only the most learned and the most intelligent, it is also the most stimulating and fascinating book that has ever set out to recount and explain the whole history of mankind. . . . To read it is a great experience. It leaves echoes to reverberate, and seeds to germinate in the mind."—H. R. Trevor-Roper, New York Times Book Review

The Old Testament Daniel Smith-Christopher 2013-07-01 The Old Testament: Our Call to Faith and Justice is geared toward an introductory class in Scripture. This textbook has been found in conformity with The Catechism of the Catholic Church and can serve as an ancillary or primary text for Course I or Elective Course A of the USCCB curriculum framework. The Old Testament: Our Call to Faith and Justice covers the remarkable journey of God's Chosen People and their journey in Scripture. As with any relationship, the divine-human one described in the Old Testament has dramatic episodes of jealousy and angry disappointment, but also shows moments of moving love, compassion, and forgiveness. The Jewish people forged an intimate relationship with God that was brought to fullness in the coming of God's Son, Jesus Christ. This text also includes a Catholic Handbook for Faith, an appendix section with a wealth of information to help students review material they have covered in other religion courses.

Glencoe World History, New York Edition Jackson J. Spielvogel 2005-06-01

Connections Edward H. Judge 2011 Readers learn about the connections among world societies - from regional to global. Connections: A World History is a reader-centered text that focuses on connections within and among world societies. Concise, engaging chapters and a clear narrative make the often overwhelming amount of information in world history accessible to a wide range of readers. A uniquely comprehensive and consistent map program is combined with strong pedagogical support for increased understandability. The authors' focus on connections offers a useful and compelling framework for understanding how and why peoples and societies change over time. Note: MyHistoryLab does not come automatically packaged with this text. To purchase MyHistoryLab, please visit [www.MyHistoryLab.com](http://www.MyHistoryLab.com) or use ISBN: 9780205216529.
