Flying Without Wings Arnold Beisser 1990-02-01 "Give yourself a gift and read *Flying Without Wings*. You will be kinder, wiser, and more compassionate for having read it. I am."—Abigail (Dear Abby) Van Buren At twenty-four, Arnold Beisser was a recent medical school graduate and a nationally ranked tennis player. But overnight a devastating bout of polio left him permanently paralyzed from the neck down and dependent on an iron lung to draw his next breath. Polio robbed Arnold Beisser of his strength, his athletic ability, and almost his life. Yet he discovered in this unthinkable trap not only the expected sadness and despair, but wonder, delight, and the pleasure of everyday living. This is the wise, deeply moving, and warmly humorous account of Arnold Beisser's search for a new life and meaning as he comes to terms with his disability and then transcends it . . . to practice psychiatry, to fall in love, truly to soar without wings. His spirit and determination to fight for happiness will inspire any reader faced with unbearable loss. Dr. Beisser shows us why the contrast between winner and loser, athlete and cripple, is in our minds much more than in our bodies. And he shares with us the experiences that taught him life's greatest truth: Nothing can keep you from love, laughter, meaningful work, or enlightenment—except yourself. "A book of blazing honesty and openness. It goes right to the heart of the reader."—Norman Cousins, author of *Anatomy of an Illness*

The Butterfly Lampshade Aimee Bender 2021-06-08 The first novel in ten years from the author of the beloved New York Times bestseller *The Particular Sadness Of Lemon Cake*, a luminous, poignant tale of a mother, a daughter, mental illness, and the fluctuating barrier between the mind and the world On the night her single mother is taken to a mental hospital after a psychotic episode, eight year-old Francie is staying with her babysitter, waiting to take the train to Los Angeles to go live with her aunt and uncle. There is a lovely lamp next to the couch on which she's sleeping, the shade adorned with butterflies. When she wakes, Francie spies a dead butterfly, exactly matching the ones on the lamp, floating in a glass of water. She drinks it before the babysitter can see. Twenty years later, Francie is compelled to make sense of that moment, and two other incidents -- her discovery of a desiccated beetle from a school paper, and a bouquet of dried roses from some curtains. Her recall is exact -- she is sure these things happened. But despite her certainty, she wrestles with the hold these memories maintain over her, and what they say about her own place in the world. As Francie conjures her past and reduces her engagement with the world to a bare minimum, she begins to question her relationship to reality. The scenes set in Francie's past glow with the intensity of childhood perception, how physical objects can take on an otherworldly power. The question for Francie is, What do these events signify? And does this power survive childhood? Told in the lush, lilting prose that led the San Francisco Chronicle to say Aimee Bender is "a writer who makes you grateful for the very existence of language," *The Butterfly Lampshade* is a heartfelt and heartbreaking examination of the sometimes overwhelming power of the material world, and a broken love between mother and child.

The Pursuit of the Millennium Norman Cohn 1970-05-15 The end of the millennium has always held the world in fear of earthquakes, plague, and the catastrophic destruction of the world. At the dawn of the 21st millennium the world is still experiencing these anxieties, as seen by the onslaught of fantasies of renewal, doomsday predictions, and New Age prophecies. This fascinating book explores the millenarianism that flourished in western Europe between the eleventh and sixteenth centuries. Covering the full range of revolutionary and anarchic sects and movements in medieval Europe, Cohn demonstrates how prophecies of a final struggle between the hosts of Christ and Antichrist melded with the rootless poor's desire to improve their own material conditions, resulting in a flourishing of millenarian fantasies. The only overall study of medieval millenarian movements, *The Pursuit of the Millennium* offers an excellent interpretation of how, again and again, in situations of anxiety and unrest, traditional beliefs come to serve as vehicles for social aspirations and animosities.

Sleeping Beauty Phillip Margolin 2009-10-13 Author Miles Van Meter is on a book tour to promote his sensational bestseller *Sleeping Beauty*, a true-crime account of a deeply personal subject: the attack by a serial killer that left his twin sister, Casey, in a coma. Tonight the audience waits to hear Miles discuss recent developments in his sister's case -- unaware that pieces of this complex puzzle of violence, unknown even to the author, are about to be revealed. Six years earlier, life was much simpler for everyone involved, especially seventeen-year-old Ashley Spencer, a popular high school soccer star. Then one night an intruder entered Ashley's home and murdered her father and her best friend. Traumatized and suffering from a crippling sense of survivor guilt, Ashley is ready to give up on both soccer and life until help comes from an unexpected source -- a scholarship to the Oregon Academy, an elite private school, is extended to her by school dean Casey Van Meter. The school quickly becomes a haven for both Ashley and her mother, Terri. As Ashley regains her sense of self through the school's soccer program, Terri joins a writing group for adults led by Joshua Maxfield, a former literary wunderkind who has disappeared from the bestseller lists since his second book was panned by both critics and fans. Then tragedy strikes again and Ashley has to run for her life, unaware that the key to her survival is in the one book she's afraid to read -- *Sleeping Beauty*. With its blend of dizzying plot twists and thrilling suspense, *Sleeping Beauty* shows Phillip Margolin at the very top of his form.
