I Heard It Through the Grapevine Patricia A. Turner 1993 This book divides into two basic parts. In Chapters 1 and 2 I discuss historical examples of "rumor" discourse and suggest why many blacks have--for good reason--channeled beliefs about race relations into familiar formulae, ones developed as early as the time of the first contact between sub-Saharan Africans and European white. Then in Chapters 3-7 it explores the continuation of these issues in late-twentieth-century African-American rumors and contemporary legends, using examples collected in the field. Because Turner was able to monitor these contemporary legends as they unfolded and played themselves out, rigorous analysis was possible. What follows, then, is an examination of the themes common to these contemporary items and related historical ones, and an explanation for their persistence. Concerns about conspiracy, contamination, cannibalism, and castration--perceived threats to individual black bodies, which are then translated into animosity toward the race as a whole--run through nearly four hundred years of black contemporary legend material and prove remarkable tenacious.

Electronics 1946 June issues, 1941-44 and Nov. issue, 1945, include a buyers' guide section.

Hedwig and the Angry Inch Stephen Trask 2003 Tells the story of transsexual rocker Hedwig Schmidt, an East German immigrant whose sex change operation has been botched and who finds herself living in a trailer park in Kansas.

Air Force Handbook 10-644 Survival Evasion Resistance Escape Operations, 27 March 2017 United States Government Us Air Force 2017-06-06 Air Force Handbook 10-644 Survival Evasion Resistance Escape (SERE) Operations 27 March 2017 This handbook describes the various environmental conditions affecting human survival, and describes isolated personnel (IP) activities necessary to survive during successful evasion or isolating events leading to successful recovery. It is the fundamental reference document providing guidance for any USAF service member who has the potential to become isolated; deviations require sound judgment and careful consideration. This publication provides considerations to be used in planning and execution for effective mission accomplishment of formal USAF Survival, Evasion, Resistance, and Escape (SERE) training, environmentally specific SERE training, and combat survival continuation training programs. The tactics, techniques, and procedures in this publication are recognized best practices presenting a solid foundation to assist USAF service members to maintain life and return with honor from isolating events.

Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Head Off & Split Nikky Finney 2011-01-27 "Nikky Finney has been a fine poet much too long to say that this latest treasure is her promise coming into being. She exploded with so much talent with *On Wings Made of Gauze* and beautifully matured with *Rice*, yet *Head Off & Split* takes the promise of youth with the control of adulthood to bring her greatest exploration. Honest, searing, searching. We all, especially now, need this book of poems; we all, especially now, need this poet."---Nikki Giovanni, author of *Bicycles* "Beginning with the sweepingly inclusive and powerful 'Red Velvet,' a Middle Passage poem for our times, Nikky Finney takes the reader to a wonderfully alive world where the musical possibilities of language overflow with surprise and innovation. Finney has an ear to go along with the wildness of her imagination, which sweeps through history like a pair of wings. Her carefully modulated free verse is always purposeful in its desire to move the reader in a way that allows us intimate access to necessary observations about ourselves. These poems, in other words, have the power to save us."---Bruce Weigl, author of *What Saves Us* "In Nikky Finney's *Head Off & Split* the beauty of language soars and saves us even as we skirt the raw edge of terror. And something rare and precious is restored, a light, a circling movement of the spirit. This is poetry to give thanks for."---Meena Alexander, author of *Quickly Changing River* "No one opens a vein on the page with a sharper and more nuanced gathered set of senses than Nikky Finney. In *Head Off & Split*, she takes aim at the heart of American wrong-headedness with a sense of purpose and integrity not only respectful of, but fueled by, her own brand of multiple kinships and remembrance, a grand struggle-swagger of powerful literary inheritance."---Thomas Sayers Ellis, author of *Skin, Inc.* "With *Head Off & Split*, Nikky Finney establishes herself as one of the most eloquent, urgent, fearless and necessary poets writing in America today. What makes this book as important as anything published in the last decade is the irresistible music, the formal dexterity and the imaginative leaps she makes with metaphor and language in these simply stunning poems. This is a very, very important achievement."---Kwame Dawes, author of *Hope's Hospice*

Maximum PC 2006 Maximum PC is the magazine that every computer fanatic, PC gamer or content creator must read. Each and every issue is packed with punishing product reviews, insightful and innovative how-to stories and the illuminating technical articles that enthusiasts crave.

The Rough Guide to iPods & iTunes Duncan Clark 2009-08-31 The Rough Guide to iPods and iTunes is the ultimate companion to the defining gadget of the digital music era - and an essential guide to music and video on the Net, on your PC or Mac, and in your pocket. Fully updated and revised, The Rough Guide to iPods and iTunes covers the full iPod range of products: from the best of the iTunes App Store, iPod Touch, iTunes 8 to practical information for the iPod Nano and Classic Shuffle. How People Learn National Research Council 2000-08-11 First released in the Spring of 1999, How People Learn has been expanded to show how the theories and insights from the original book can translate into actions and practice, now making a real connection between classroom activities and learning behavior. This edition includes far-reaching suggestions for research that could increase the impact that classroom teaching has on actual learning. Like the original edition, this book offers exciting new research about the mind and the brain that provides answers to a number of compelling questions. When do infants begin to learn? How do experts learn and how is this different from non-experts? What can teachers and schools do-with curricula, classroom settings, and teaching methods--to help children learn most effectively? New evidence from many branches of science has significantly added to our understanding of what it means to know, from the neural processes that occur during learning to the influence of culture on what people see and absorb. How People Learn examines these findings and their implications for what we teach, how we teach it, and how we assess what our children learn. The book uses exemplary teaching to illustrate how approaches based on what we now know result in in-depth learning. This new knowledge calls into question concepts and practices firmly entrenched in our current education system. Topics include: How learning actually changes the physical structure of the brain. How existing knowledge affects what people notice and how they learn. What the thought processes of experts tell us about how to teach. The amazing learning potential of infants. The relationship of classroom learning and everyday settings of community and workplace. Learning needs and opportunities for teachers. A realistic look at the role of technology in education.

Writing Audio Drama Tim Crook 2023-03-22 Writing Audio Drama explores the common aspects of sound narrative in different practice media, and critically investigates to an advanced standard how audiogenic techniques transfer between radio, theatre, and film and other media such as videogames and animation. It enables readers to understand the practical and theoretical concerns of sound narrative across different story-telling media and to choose the correct medium for their writing.

Songs in the Key of Z Irwin Chusid 2000 Irwin Chusid profiles a number of "outsider" musicians - those who started as "outside" and eventually came "in" when the listening public caught up with their radical ideas. Included are The Shaggs, Tiny Tim, Syd Barrett, Joe Meek, Captain Beefheart, The Cherry Sisters, Daniel Johnston, Harry Partch, Wesley Willis, and others.

The Ultimate Digital Music Guide Michael Miller 2012 Discusses all aspects of digital music, including navigating Internet radio, determining the best audio file format, creating playlists, and sharing music through social media outlets.

MusicHound Folk Neal Walters 1998 Offers discographies and reviews of recordings by hundreds of folk artists, with suggestions on what to buy and what to avoid
PC Magazine 2008-07

Promises to Keep William W. Fisher, III 2004 During the past fifteen years, changes in technology have generated an extraordinary array of new ways in which music and movies can be produced and distributed. Both the creators and the consumers of entertainment products stand to benefit enormously from the new systems. Sadly, we have failed thus far to avail ourselves of these opportunities. Instead, much energy has been devoted to interpreting or changing legal rules in hopes of defending older business models against the threats posed by the new technologies. These efforts to plug the multiplying holes in the legal dikes are failing and the entertainment industry has fallen into crisis. This provocative book chronicles how we got into this mess and presents three alternative proposals--each involving a combination of legal reforms and new business models--for how we could get out of it.

Digital Audio Essentials Bruce Fries 2005-04-26 Join the digital audio revolution! Tens of millions of users are embracing digital music, and with Digital Audio Essentials, you can, too. Nearly every personal computer built in the last few years contains a CD-burning drive; MP3 and other portable player sales dominate the consumer electronics industry; and new networkable stereo equipment lets you use your digital music collection to power your home entertainment system. Whether it's downloading music, ripping CDs, organizing, finding, and creating higher quality music files, buying music players and accessories, or constructing a home stereo system, Digital Audio Essentials helps you do get it done. An indispensable reference for music enthusiasts, digital archivists, amateur musicians, and anyone who likes a good groove, Digital Audio Essentials helps you avoid time-consuming, costly trial and error in downloading audio files, burning CDs, converting analog music to digital form, publishing music to and streaming from the Web, setting up home stereo configurations, and creating your own MP3 and other audio files. The book--for both Mac and PC users--includes reliable hardware and software recommendations, tutorials, resources, and file sharing, and it even explains the basics of the DMCA and intellectual property law. You may (or may not) already know the basics of ripping CDs or downloading music, but Fries will show you so much more--including advice on the multitude of MP3 players on the market, stereo options, file formats, quality determinations, and the legalities of it all. Both a timely, entertaining guide and an enduring reference, this is the digital audio handbook you need to make the most of your expanding digital music collection.

Cajun Waltz Robert H. Patton 2016-06-14 The lyrics of a Cajun waltz may be dark as midnight with heartache and trouble, but still the music swings. The same goes for what happens after a shifty musician and a lonely shopgirl let destiny sweep them into an ill-suited marriage in swampy southwest Louisiana on the eve of the Depression. Love doesn't much figure between Richie Bainard and Esther Block. They build a business together while dreaming opposite dreams of fulfillment. But like a gumbo simmering with peppers and spice, desires finally come to a boil. Three generations of the volatile clan grapple with the region's economic struggles and racial tensions. The Bainard children, twins Bonnie and R.J. and their half-brother, Seth, pursue separate cravings for money, sex, and religion. The chase in each case runs off the rails thanks to an ex-marine with a soft heart and a brutish devotion, a dazzling young stepmother of mixed race and mixed motives, and a high school tart who proves tougher and truer than all of them. Ultimately it takes the mass devastation of Hurricane Audrey in 1957 to cleanse the reckless passions. The aftermath is painful but pure, like an old blues song that puts tears in your eyes while you dance.

The 4-hour Chef Timothy Ferriss 2012 Presents a practical but unusual guide to mastering food and cooking featuring recipes and cooking tricks from world-renowned chefs.
PC World 2007

Spotify For Dummies Kim Gilmour 2011-10-19 The ultimate beginner guide to the groundbreaking music service, Spotify! Start using Spotify today with this handy guide by your side.

Give War and Peace a Chance Andrew D. Kaufman 2014-05-20 "This lively appreciation of one of the most intimidating and massive novels ever written should persuade many hesitant readers to try scaling the heights of War and Peace sooner rather than later" (Publishers Weekly). Considered by many critics the greatest novel ever written, War and Peace is also one of the most feared. And at 1,500 pages, it's no wonder why. Still, in July 2009 Newsweek put War and Peace at the top of its list of 100 great novels and a 2007 edition of the AARP Bulletin included the novel in their list of the top four books everybody should read by the age of fifty. A New York Times survey from 2009 identified War and Peace as the world classic you're most likely to find people reading on their subway commute to work. What might all those Newsweek devotees, senior citizens, and harried commuters see in a book about the Napoleonic Wars in the early 1800s? War and Peace is many things. It is a love story, a family saga, a war novel. But at its core it's a novel about human beings attempting to create a meaningful life for themselves in a country torn apart by war, social change, political intrigue, and spiritual confusion. It is a mirror of our times. Give War and Peace a Chance takes readers on a journey through War and Peace that reframes their very understanding of what it means to live through troubled times and survive them. Touching on a broad range of topics, from courage to romance, parenting to death, Kaufman demonstrates how Tolstoy's wisdom can help us live fuller, more meaningful lives. The ideal companion to War and Peace, this book "makes Tolstoy's characters lively and palpable...and may well persuade readers to finally dive into one of the world's most acclaimed--and daunting--novels" (Kirkus Reviews).

Pirate Cinema Cory Doctorow 2012-10-02 From the New York Times bestselling author of Little Brother, Cory Doctorow, comes Pirate Cinema, a new tale of a brilliant hacker runaway who finds himself standing up to tyranny. Trent McCauley is sixteen, brilliant, and obsessed with one thing: making movies on his computer by reassembling footage from popular films he downloads from the net. In the dystopian near-future Britain where Trent is growing up, this is more illegal than ever; the punishment for being caught three times is that your entire household's access to the internet is cut off for a year, with no appeal. Trent's too clever for that to happen. Except it does, and it nearly destroys his family. Shamed and shattered, Trent runs away to London, where he slowly learns the ways of staying alive on the streets. This brings him in touch with a demimonde of artists and activists who are trying to fight a new bill that will criminalize even more harmless internet creativity, making felons of millions of British citizens at a stroke. Things look bad. Parliament is in power of a few wealthy media conglomerates. But the powers-that-be haven't entirely reckoned with the power of a gripping movie to change people's minds.... At

AllMusic Guide Vladimir Bogdanov 2001 Arranged in sixteen musical categories, provides entries for twenty thousand releases from four thousand artists, and includes a history of each musical genre.

Perpetual West Mesha Maren 2022-01-25 ?“Stunning . . . A forceful addition to the literature of the U.S.-Mexican border and its ongoing history of tragedy and joy.” —Jennifer Clement, *The New York Times Book Review* “Suspenseful, seductive . . . A thrill ride from cover to cover.” —Oprah Daily, “The 50 Most Anticipated Books of 2022” The riveting new novel by the acclaimed author of *Sugar Run*, *Perpetual West* is a brilliant and evocative story of borders—between countries, between lovers, and between facets of the self. When Alex and Elana move from smalltown Virginia to El Paso, they are just a young married couple, intent on a new beginning. Mexican by birth but adopted by white American Pentecostal parents, Alex is hungry to learn about the place where he was born. He spends every free moment across the border in Juárez—perfecting his Spanish, hanging with a collective of young activists, and studying lucha libre (Mexican wrestling) for his graduate work in sociology. Meanwhile Elana, busy fighting her own demons, feels disillusioned by academia and has stopped going to class. And though they are best friends, Elana has no idea that Alex has fallen in love with Mateo, a lucha libre fighter. When Alex goes missing and Elana can’t determine whether he left of his own accord or was kidnapped, it’s clear that neither of them has been honest about who they are. Spanning their journey from Virginia to Texas to Mexico, Mesha Maren’s thrilling follow-up to *Sugar Run* takes us from missionaries to wrestling matches to a luxurious cartel compound, and deep into the psychic choices that shape our identities. A sweeping novel that tells us as much about our perceptions of the United States and Mexico as it does about our own natures and desires, *Perpetual West* is a fiercely intelligent and engaging look at the false divide between high and low culture, and a suspenseful story of how harrowing events can bring our true selves to the surface.
