The Sacred Harp Buell E. Cobb, Jr. 2004-12-01 On any Sunday afternoon a traveler through the Deep South might chance upon the rich, full sound of Sacred Harp singing. Aided with nothing but their own voices and the traditional shape-note songbook, Sacred Harp singers produce a sound that is unmistakable--clear and full-voiced. Passed down from early settlers in the backwoods of the Southern Uplands, this religious folk tradition hearkens back to a simpler age when Sundays were a time for the Lord and the "singings." Illustrated with forty-one songs from the original songbook, The Sacred Harp is a comprehensive account of a unique form of folk music. Buell Cobb's study encompasses the history of the songbook itself, an analysis of the music, and an intimate portrait of the singers who have kept alive a truly American tradition.

Hymn and Tune Book for Use in Old School or Primitive Baptist Churches Silas H. Durand 2015-06-16 Excerpt from Hymn and Tune Book for Use in Old School or Primitive Baptist Churches In response to many requests we have prepared this book to supply a need long felt in our churches. We hope our principal motive in the work has been a desire for the benefit of the Lord's people, and for his own declarative glory. We have endeavored to select such hymns and tunes as are most commonly used in churches of our faith and order in all the different sections of the country. In the selection of hymns our first care has been that every sentiment expressed should be in harmony with the truth of God, believing that "Christians should never sing what they do not believe to be true." We have also chosen those that express the common experience of the saints, and which breathe a spirit of praise and holy devotion to God, rather than such as appeal to the natural sympathies, regarding them as more suitable to the purpose for which this book is designed, which is, to be used in the meetings of the saints, whose only object in singing should be the worship of the true and living God in spirit and in truth. In the association of hymns and tunes we have in some instances had respect to long use; in others we have determined the arrangement according to our own judgment, and the character of melody preferred in different localities. Should any fail to find in this book some favorite hymn or tune, as may sometimes be the case, we hope they will find others equally desirable, and will remember the impossibility of an

arrangement of so small a number that would contain the favorites of all. We hope for the favorable consideration of our brethren, and humbly ask and hope that our own imperfect labors may be blessed of the Lord to his dear people. Amazing Love! How Can It Be Chris Fenner 2020-05-12 The present collection of essays examines specific texts by Charles Wesley in multiple dimensions (theological, poetical, historical, biographical, etc.), demonstrating both the profound nature of the hymns and

their continued relevance for Christians today. The discussions are organized by theological/liturgical topics, and each essay treats us to the hymn in its complete original form (noting significant variants as necessary), explains the historical context of its composition, provides a theological interpretation, and relates it to the life and faith of the believer. In the pages of this book, the reader will find both information and inspiration. Scholars of hymnody and of Charles Wesley will appreciate the depth of inquiry in the chapters. Just as importantly, laypersons and hymn lovers (as well as scholars) will find much spiritual benefit from the study of hymns they know and love, as well as texts with which they may be less familiar. This exploration of these profound hymns will surely lead to a deeper understanding of the "amazing love" responsible for changing the course of Charles Wesley's life, who in turn changed the course of Christian worship. The Baptist Church Hymnal Rowland Briant 1900

Old School Hymnal Bryce H. Lowrance 2021-05-25 From the song of Moses on the shore of the Red Sea, to the hymn at the close of our Lord ' s first communion, the singing of psalms, hymns and spiritual songs is an essential part of worship for God ' s people. In the wisdom of the Glorious Creator, God created man in his image, which included a voice – a uniquely human instrument capable of producing melody. And so, our Lord delights in worship with the voice of praise. From the psalms composed by David on the grassy hillsides of Bethlehem, to the thunderous chorus of “ Holy! Holy! Holy! ” offered by the seraphim in the throne room of heaven, expressions of singing in worship are evident. And notably, Zephaniah declared the Lord rejoices in singing Himself: “ The LORD thy God in the midst of thee is mighty; he will save, he will rejoice over thee with joy; he will rest in his love, he will joy over thee with singing. ” (Zephaniah 3:17). Truly, God ' s people rejoice in songs of praise through the ages. By singing Psalms in the early church, in quiet whispers of praise in dens and caves of the earth during persecution, singing praises to our Lord endures. In recent centuries, times of revival and despair alike have sown seeds of creativity, and hymns of praise blossomed and bloomed. As such, visionary men like Elder Lee Hanks, saw fit to collect hymns, true to God ' s word in sentiment, and place them in hymnbook form to use in worship. To commemorate the 100th year of the Old School Hymnal, with hearts set on the glory of God, and enveloped by our rich history of worship in song, we the members of the newly restructured, non-profit Old School Hymnal Foundation Board, humbly present to you the Centennial Edition. In 1920, the founding members of the 1st edition presented a compilation of beloved hymns. In updating the hymnal, we prayerfully labored to honor their focus, endeavoring to maintain treasured, long-standing hymns, while also offering new compositions. We believe the Lord blessed us to remain true to scripture and honor Him with the words and melodies selected. In following the footsteps of our forefathers in hymnody, we echo the words of Elders Monsees and Pittman, in the preface to the 3rd edition, as we tried to include “ the best old songs, and some of the new good ones... ” In recent years, the Holy Spirit has blessed the creation of new hymns, born from the souls of redeemed children of God, moved and affected by the influence of grace. In honoring the spirit of past editions, and striving to obey the unction of the Holy Spirit, we are united in the desire to share some new songs. Having begun in the fall of 2019, and concluded in the

midst of uncertain times, we believe a Providential blessing is in the timing of this effort. As unprecedented upheaval and abject fear prevails, we are compelled to present a point of light to push back against the darkness. While angry, dispirited voices reach a fever pitch, as the vitriolic squawk of malicious accusations command our attention, amidst the din of hard speeches and great swelling words, our prayer is that a different sound rises above the fray. In Christian homes, among congregations of Spirit-led worship, and from hearts of weary sinners, may songs of praise and voices of worship rise to adorn and adore the worthy name of Jesus. Accepting full responsibility for omissions, oversights and mistakes, and pleading for the mercy and blessing of God, we give to you this Centennial Edition, trusting the voice of praise will lift up to glorify our resurrected, reigning and returning Savior.

The Merton Tune-Book Henry Walter Sargent 2018-01-21 Excerpt from The Merton Tune-Book: A Collection of Hymns and Tunes Used in the Church of St. John Baptist, Oxford This Collection owes its existence to the difficulty I experienced some years ago in finding Tunes of a good ecclesiastical kind suited to the Hymnal used in my Church. Having searched in vain for a tune-book fit for my purpose I determined to form one of my own; I therefore examined all the tune-books, both English and Foreign, to which I could obtain access, and the Collection now published is the result. Although it has not been my object to form a large miscellaneous Collection, yet I believe the Tunes will be found numerous and varied enough to meet the requirements of most other Hymnals now in use. It appeared to me that, in former tune-books, sufficient care had not been taken to secure agreement between the sentiment of the Hymn and its Music. I have endeavoured as much as possible to avoid this defect. How far I have been successful, can only be determined by a reference to the Hymnal to which the Tunes have been adapted. Wishing the book to be useful for Parish Choirs, I have also been careful to. Choose only such Tunes as are within an ordinary compass of voice, and present no peculiar difficulties in the several parts of the Harmony. My friend the Rev. Dr. Hayne undertook the arrangement and editing of the Tunes. To his skill and taste I am wholly indebted for the performance of this irksome and difficult task, and I cannot be too grateful to him for the Me and care he has bestowed upon the work of preparing it for the press. It now only remains for me to express my acknowledgments to those Gentlemen, by whose courtesy I have been enabled to enrich this Collection with many beautiful Tunes of which they hold the-copyright. The Sound of the Dove Beverly Bush Patterson 1995 In The Sound of the Dove, Beverly Bush Patterson explores one of the oldest traditions of American religious folksong, a national heritage of great beauty and dignity that remains vital in the lives and worship of predestinarian Primitive Baptists in the southern mountains. This unaccompanied and frequently unharmonized congregational singing challenges our assumptions about

creativity, aesthetics, meaning, and identity. Patterson's revealing study incorporates interviews, field observations, historical research, song transcriptions, and musical analysis. She uses seventeenth-century English documents to trace historical antecedents of Primitive Baptist singing and to frame her discussion of religious belief and gender roles as they intersect with singing. One chapter is devoted to the role of women in this church.

"I Will Sing the Wondrous Story" David W. Music 2008 Baptists have a long and rich heritage of congregational song. The hymns Baptists have sung and the books from which they have sung them have been shaping forces for Baptist theology, worship, and piety. Baptist authors and composers have provided songs that have made an impact not only among Baptists in America but also across denominational and geographic lines. Congregational singing continues to be a key component of Baptist worship in the twenty-first century. Beginning with an overview of the British background, this book is a survey of the history of Baptist hymnody in America from Baptist beginnings in the New World to the present. Its intent is to help the reader better understand the background against which current Baptist congregational song practices operate. Unlike earlier writings on the subject, this book provides both comprehensive coverage and a continuous narrative. It gives thorough attention to the major Baptist bodies in America as well as calling attention to the contributions of significant smaller groups. The British Baptist background is dealt with in an introductory section. The book also includes many texts and tunes as illustrations of the topics being discussed and focuses on some of the contributions of Baptist authors and composers to the repertory of congregational song. An innumerable company of Angela.--Hub. xii. 22. f 1 TTARK, hark, my soul! angelic songs are swelling O'er earth's green fields and ocean's wave-beat shore: How sweet the truth those blessed strains are telling Of that new life when sin shall be no more! Angels of Jesus, angels of light, Singing to welcome the pilgrims of the night! 2 Onward we go, for still we hear them singing, 'Come, weary souls, for Jesus bids you come'; And, through the dark, its echoes sweetly ringing, The music of the gospel leads us home: Angels of Jesus, angels of light, ...

The Baptist Hymnal William Howard Doane 1883 While many hymnals today present the setting of a hymn text with a single tune, it was common practice in the 19th century to use a variety of tunes with any given text. This hymnal, printed for the use of Baptist churches, presents the most common tune for hymns at the top of the page with alternate choices printed below the text. Many compositions by famed hymnodist Fanny Crosby are included in this volume of 727 hymn texts and tunes.
