Ivy Bytes is an innovative start-up building authoritative, yet accessible guides to subjects in the fields of politics, current events, economics, and finance. Ivy Bytes books are thoroughly researched and extensively fact-checked, so that you can be sure you are getting the latest in mainstream thought - not misguided conspiracy theories or reckless self-promotion.

E-Bonds Jake Wengroff 2002-11-05 A complete online approach to trading bonds Although online bond trading began primarily for institutions, this has changed as individual investors seek a wider range of online financial opportunities. *E-Bonds: The Definitive Guide to the Online Bond Market* provides a comprehensive overview of the marketplace, and identifies key players and emerging strategies for buying bonds online. Readers will walk through the entire transaction process for each of the primary platforms with the help of expert analysts, and learn more about accessing and trading bonds online through anecdotal examples, case studies, and perspectives from experienced online bond traders. Covering all fixed income instruments available to investors, *E-Bonds* is a valuable reference for anyone looking to trade bonds over the Internet. Jake Wengroff (New York, NY) is an independent financial communications consultant and contributor to a number of financial publications including *CFO* magazine. Wengroff was formerly vice president of corporate marketing for Bear Stearns, where he worked on the firm's venture funds.

Money for the Rest of Us: 10 Questions to Master Successful Investing J. David Stein 2019-10-25 Learn how to protect and grow your wealth with this commonsense guide to investing You manage your own money. You understand the basics of investing and diversifying your portfolio. Now it's time to invest like a pro for greater profits—with investment expert David Stein, host of the popular weekly podcast, “Money for the Rest of Us.” He's created a unique ten-question template that makes it easy for individual investors like you to: • Invest more confidently • Feel less overwhelmed • Build a stronger portfolio • Avoid costly mistakes • Plan and save for retirement Despite what many people believe, you don't need to be an expert to be a successful investor. With Stein as your personal money mentor, you'll learn how to make smarter, more informed decisions that can help reduce your risk and increase your gains by following a few simple rules for analyzing any investment. This is how the professionals grow their wealth and how you can, too. This is *Money for the Rest of Us*.

Naked Guide to Bonds Michael V. Brandes 2010-12-15 Professional investors have long understood the importance of bonds in a successful portfolio strategy. Now you can too. That's because Wall Street bond expert Michael Brandes takes a unique approach to this complex subject—he makes it simple. In *Naked Guide to Bonds: What You Need to Know, Stripped Down to the Bare Essentials*, technical jargon and complicated subject matter are translated into a straightforward, easy-to-read style with plenty of examples. What's more, rather than writing an all-inclusive book on the bond market, Brandes uses his expertise to eliminate the information that is not relevant to individual investors. The result is a practical and succinct guide that empowers you to make informed investment decisions. *Naked Guide to Bonds* is written so that each chapter builds upon the information that precedes it. That way you'll never be thrown for a loop. It begins with basic questions such as: Who issues bonds, and why? And how are bonds bought and sold? Then you'll learn about the structure of these securities and the characteristics that distinguish them from stocks. Once you're armed with the fundamentals, you'll discover how inflation, interest rates, and changes in the economy impact bond prices. *Naked Guide to Bonds* also provides insights about different types of bonds, including those issued by the U.S. government and its agencies, municipalities, corporations, and international issuers. Most importantly, you'll understand how to identify the bonds that are most appropriate for you. In the final sections, you'll determine how to: Assess your risk profile and set goals Construct a portfolio to meet your objectives Implement a customized strategy Evaluate individual bonds and mutual funds Monitor and maintain your portfolio Avoid the most common mistakes Filled with helpful charts and informative "Bare Essentials" summary points at the beginning of each chapter, *Naked Guide to Bonds* provides an effective way to become a smart and successful bond investor. Take a look for yourself and you'll see how enjoyable and rewarding learning about bonds can be.

The Complete Guide to Investing in Derivatives Alan Northcott 2010-11-30 As one of the more complex but higher yielding financial opportunities available, derivative investing has become a multitrillion-dollar industry. The combination of lower risks and potential skyrocketing gains that a derivative offers has made many people stop and take notice, yet the seemingly complex nature of such an investment is cause for pause. With this complete guide, you will not only understand how derivatives work, you can also start making incredibly high returns on a regular basis, all while minimizing your risk. You will start by learning exactly what derivatives are and how the various different forms, including forward contracts, futures contracts, swaps, and options, allow you to make trades on less tangible things outside of the various different trading opportunities you normally have. You will learn why it is important to know everything about derivatives before you start to trade and the vital use of risk analysis and management to maintain the economic stability of your portfolio. You will learn how to use past data and other variables to manage your risk and what the market uses to determine the futures and forward contract prices. In addition, the prices of commodities, exchanges rates, and interest rates as they apply to derivatives will be discussed, including how they are established. You will learn what a contract provides, how the futures markets operate, what taxes and commissions you can expect in futures trading, and what people are currently working on in the futures market. You will learn the various option pricing models and trading strategies and also how the continuous time option pricing model operates in different markets.

The Complete Guide to Convertible Securities Worldwide Laura A. Zubulake 1991-09-03 Begins with an analysis of a typical U.S. dollar denominated Euroconvertible. Goes on to discuss international convertible securities and such related topics as currency fluctuation and foreign currency exposure. The characteristics of domestic markets in U.S., Britain, Japan, France, Australia, and Canada and their unique features and evaluation methods are examined. Finally, it looks at convertible hedging, breakeven analysis, risk profile, and rate of return.

Step by Step Bond Investing Joseph Hogue 2015-12-09

The Bond Book, Third Edition: Everything Investors Need to Know About Treasuries, Municipals, GNMA's, Corporates, Zeros, Bond Funds, Money Market Funds, and More Annette Thau 2010-04-20 Everything on Treasuries, munis, bond funds, and more! The bond buyer's answer book—updated for the new economy “As in the first two editions, this third edition of *The Bond Book* continues to be the ideal reference for the individual investor. It has all the necessary details, well explained and illustrated without excessive mathematics. In addition to providing this essential content, it is extremely well written.” —James B. Cloonan, Chairman, American Association of Individual Investors “Annette Thau makes the bond market interesting, approachable, and clear. As much as investors will continue to depend on fixed-income securities during their retirement years, they'll need an insightful guide that ensures they're appropriately educated and served. *The Bond Book* does just that.” —Jeff Tjornejoh, Research Director, U.S. and Canada, Lipper, Thomson Reuters “Not only a practical and easy-to-understand guide for the novice, but also a comprehensive reference for professionals. Annette Thau provides the steps to climb to the top of the bond investment ladder. *The Bond Book* should be a permanent fixture in any investment library!” —Thomas J. Herzfeld, President, Thomas Herzfeld Advisors, Inc. “If the financial crisis of recent years has taught us anything, it's buyer beware. Fact is, bonds can be just as risky as stocks. That's why Annette Thau's new edition of *The Bond Book* is essential reading for investors who want to know exactly what's in their portfolios. It also serves as an excellent guide for those of us who are getting older and need to diversify into fixed income.” —Jean Gruss, Southwest Florida Editor, Gulf Coast Business Review, and former Managing Editor, Kiplinger's Retirement Report About the Book The financial crisis of 2008 caused major disruptions to every sector of the bond market and left even the savviest investors confused about the safety of their investments. To serve these investors and anyone looking to explore opportunities in fixed-income investing, former bond analyst Annette Thau builds on the features and authority that made the first two editions bestsellers in the thoroughly revised, updated, and expanded third edition of *The Bond Book*. This is a one-stop resource for both seasoned bond investors looking for the latest information on the fixed-income market and equities investors planning to diversify their holdings. Writing in plain English, Thau presents cutting-edge strategies for making the best bond-investing decisions, while explaining how to assess risks and opportunities. She also includes up-to-date listings of online resources with bond prices and other information. Look to this all-in-one guide for information on such critical topics as: Buying individual bonds or bond funds The ins and outs of open-end funds, closed-end funds, and exchange-traded funds (ETFs) The new landscape for municipal bonds: the changed rating scales, the near demise of bond insurance, and Build America Bonds (BABs) The safest bond funds Junk bonds (and emerging market bonds) Buying Treasuries without paying a commission From how bonds work to how to buy and sell them to what to expect from them, *The Bond Book*, third edition, is a must-read for individual investors and financial advisers who want to enhance the fixed-income allocation of their portfolios.

Investing in Bonds For Dummies Russell Wild 2015-10-26 Change up your investment strategy. Diversify with bonds! Stock, bonds, mutual funds—are all of these elements really necessary in your investment portfolio? Yes! *Investing in Bonds For Dummies* introduces you to the world of bond investment—and equips you to diversify your portfolio—through the concise and approachable presentation of the details surrounding this form of investment. This engaging text offers a clear, yet thorough take on the background of bond investment, helping you understand why it's such an important part of a well-rounded portfolio. Additionally, the book explores bond returns, risks, and the major factors that can influence the performance of bonds. When it comes to diversifying your investment portfolio, most financial advisors recommend a strategy that mixes high- and low-risk options, allowing you to protect your investment without being too conservative. Depending upon your age, financial goals, and other key factors, the percentage of your portfolio made up of bonds may vary; however, it's safe to say that bonds will play a role in your investment strategy. Understand how to buy and sell bonds and bond funds, and why it's important to do so Measure the returns and risks that different bonds have to offer, preparing yourself to make educated investment decisions Diversify your investment portfolio by adding bonds to the mix Avoid common investment mistakes when navigating the world of bonds *Investing in Bonds For Dummies* can keep your investment portfolio from getting stagnant by showcasing why diversification with bonds is essential to a successful investment strategy!

The Complete Guide to Investing in Bonds and Bond Funds Martha Maeda 2009 Bonds have long been a stalwart of investment. More than \$100 billion was invested in municipal bonds alone in 2006. Now, with the economy a little less certain than it has been in recent decades, the demand for a secure place to invest money has led to resurgence in interest in the use of bonds for many investors. Because there are many peculiarities in bond investment, you must have a basic understanding of the market, the bond issuer, how to measure rates of return and how to maximize those rates. This book provides anyone who has never invested in bonds before the ideal handbook to start investing in and earning massive returns from bonds. You will learn everything the savvy investor needs to effectively turn a high risk portfolio into a constantly growing, steadily developing source of wealth. You will learn how bonds operate on a very basic level, including the numerous different kinds of bonds and how bond funds can be a highly lucrative option. You will learn the fundamental differences between government, municipal, and corporate bonds and how much of a return you can expect from each. You will learn the basic methods of valuation and yield that bonds are measured by and how you can evaluate bonds with three basic steps. You will be guided through determining the face value, coupon rate, and sale price of a bond, as well as the ratings, insurance, maturity, callability, and taxes that might be associated with it. The importance of interest rates, inflation, and supply and demand in affecting the yield of your bonds will be detailed as well to ensure you make a careful investment. In addition to a comprehensive guide on the many options and methods of investing in bonds, dozens of interviews with financial gurus from around the nation have been conducted to provide critical, real world advice on how to successfully invest your money into bonds. You will be shown the risk free methods by which to invest in bonds, making low interest returns on U.S. government bonds, as well as the higher risk methods that will allow you to make great returns by investing in industrial and corporate bonds. You will learn how to look overseas for even more lucrative options and how to measure the risk of your bonds based on the debt in which you are investing and the callability of any one bond issuer. You will be shown how to effectively balance your portfolio to include bonds without ignoring the necessity and place for other investments. For any investor who has been agonizing over how to safely invest money for a high return, this book is for you, guiding you through the complex, but rewarding, world of bond investments. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books. The Financial Times Guide to Investing Glen Arnold 2010 The Financial Times Guide to Investing is the definitive introduction to the art of successful stock market investing. Beginning with the very basics of why companies need investors and explaining what investors do, Glen Arnold takes you through the practicalities of buying and selling shares. He describes different types of investment vehicles and advises you how you can be successful at picking companies, understanding their accounts, managing a sophisticated portfolio, measuring performance and risk and setting up an investment club. The second edition of this bestselling introduction to investing explains how the financial markets operate, shows you what you need to know to be successful and encourages you to follow and act on your own judgements. Thoroughly updated to help you invest with skill and confidence, new sections include: Online investing, website information and tools including screenshots and virtual portfolios as well as computerised counterparty trading Detailed updating of tax rates and legislation, increases in ISA allowances and revisions to capital gains tax A jargon-busting glossary to help you understand words, phrases and investing concepts Recent Financial Times articles and tables which illustrate and expand on case studies and examples Up-to-date statistics on the returns you can expect on shares and bonds Investing can be profitable and fun and The Financial Times Guide to Investing 2nd edition, explains step-by-step both the essentials of investing as well as describing how the financial markets really work. It details the practicalities of investing, such as how to go about buying shares and describes the variety of financial securities you can buy, from bonds and unit trusts through to exchange traded funds. Exploding the myths that only the wealthy can afford to buy and sell shares and showing you why you can be just as successful trading on your own as you would be by employing a fund manager, this authoritative guide book will help you build a profitable personal financial portfolio. What is investment The rewards of investment Understanding stock markets Using the financial media Buying and selling shares Pooled investments Investing in bonds Futures and options Financial spreadbetting Analysing companies and industries Mastering company reports and accounts Key investment ratios and measures Ticks of the accounting trade Managing your portfolio Mergers and takeovers Taxation and investors Measuring performance Investor protection Investment clubs

Your Complete Guide to Factor-Based Investing Andrew L. Berkin 2016-10-07 There are hundreds of exhibits in the investment "factor zoo." Which ones are actually worth your time, and your money? Andrew L. Berkin and Larry E. Swedroe, co-authors of *The Incredible Shrinking Alpha*, bring you a thorough yet still jargon-free and accessible guide to applying one of today's most valuable quantitative, evidence-based approaches to outperforming the market: factor investing. Designed for savvy investors and professional advisors alike, *Your Complete Guide to Factor-Based Investing: The Way Smart Money Invests Today* takes you on a journey through the land of academic research and an extensive review of its 50-year quest to uncover the secret of successful investing. Along the way, Berkin and Swedroe cite and distill more than 100 academic papers on finance and introduce five unique criteria that a factor (at its most basic, a characteristic or set of characteristics common among a broad set of securities) must meet to be considered worthy of your investment. In addition to providing explanatory power to portfolio returns and delivering a premium, Swedroe and Berkin argue a factor should be persistent, pervasive, robust, investable and intuitive. By the end, you'll have learned that, within the entire "factor zoo," only certain exhibits are worth visiting and only a handful of factors are required to invest in the same manner that made Warren Buffett a legend. *Your Complete Guide to Factor-Based Investing: The Way Smart Money Invests Today* offers an in-depth look at the evidence practitioners use to build portfolios and how you as an investor can benefit from that knowledge, rendering it an essential resource for making the informed and prudent investment decisions necessary to help secure your financial future.

The Complete Guide to Investing in Index Funds Craig W. Baird 2009 Long kept a secret by financial insiders, index funds are rapidly growing in popularity. Index funds are unit trusts that track the performance of an index. An investor can buy shares comprising the index or buy a sample of shares that make up the index. A fund's value is linked to the index, meaning that if the index rises, the value of the fund also rises. Index funds outperform 80 percent of managed funds, and more and more investors are turning to these funds to reduce the anxiety and expense of trying to beat the market and predict what stocks, bonds, or mutual funds will perform well. In this book you will find out why insiders have kept these funds a secret and how you can benefit from them. In this new, comprehensive book, you will learn the different indexing methods, including traditional indexing, synthetic indexing, and enhanced indexing, and you will learn the advantages of index funds, among them low costs, simplicity, and lower turnovers. You will read about diversification, asset allocation, capital gains tax considerations, enhanced index funds, and the common mistakes investors make with index funds. Furthermore, you will learn how to achieve balance, how individual funds perform, how to use exchange traded funds for effective asset allocation, how to choose the right fund, how to develop a portfolio, how to gauge portfolio risk, and how to determine your risk capacity. We will provide you with a list of funds, specific strategies, and step-by-step guidance on active indexing. We will explain the efficiency of indexing, the flexibility of active portfolio management strategies, and the benefits of index funds compared to traditional mutual funds. Whether you are a first time investor or a stock market pro, you will discover valuable information about how index funds work, what factors to consider before investing, and how to avoid common pitfalls. By reading *The Complete Guide to Investing in Index Funds* you will ultimately learn how to maximize your return while minimizing your risk. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books. Growing Money Gail Karlitz 2010-09-23 Never before has there been a time when the economy has been so much a part of our daily lives. Today's young investors want to know the basics of finance—especially how to make money grow. This complete guide explains in kid-friendly terms all about savings accounts, bonds, stocks, and even mutual funds!

The Complete Guide to Portfolio Construction and Management Lukasz Snopek 2012-01-12 In the wake of the recent financial crisis, many will agree that it is time for a fresh approach to portfolio management. *The Complete Guide to Portfolio Construction and Management* provides practical investment advice for building a robust, diversified portfolio. Written by a high-profile investment adviser, this book reveals a practical portfolio management framework and new approach to portfolio construction based on four key market forces: macro, fundamental, technical, and behavioural. It is an insight that takes the focus off numbers, looking instead at the role of risk and behavior in finance. As we have seen with the recent finance meltdown, traditional portfolio management techniques are flawed. Investors need to understand those flaws and learn how to incorporate risk management and behavioral finance into their asset management strategies. With a foreword by industry leader Francois-Serge L'habitant, this is your one-stop guide, with new ways for you to manage, grow and preserve your investment portfolio, even in uncertain markets.

The Charles Schwab Guide to Finances After Fifty Carrie Schwab-Pomerantz 2014-04-01 Here at last are the hard-to-find answers to the dizzying array of financial questions plaguing those who are age fifty and older. The financial world is more complex than ever, and people are struggling to make sense of it all. If you're like most people moving into the phase of life where protecting—as well as growing-- assets is paramount, you're faced with a number of financial puzzles. Maybe you're struggling to get your kids through college without drawing down your life's savings. Perhaps you sense your nest egg is at risk and want to move into safer investments. Maybe you're contemplating downsizing to a smaller home, but aren't sure of the financial implications. Possibly, medical expenses have become a bigger drain than you expected and you need help assessing options. Perhaps you'll shortly be eligible for social security but want to optimize when and how to take it. Whatever your specific financial issue, one thing is certain—your range of choices is vast. As the financial world becomes increasingly complex, what you need is deeply researched advice from professionals whose credentials are impeccable and who prize clarity and straightforwardness over financial mumbo-jumbo. Carrie Schwab-Pomerantz and the Schwab team have been helping clients tackle their toughest money issues for decades. Through Carrie's popular "Ask Carrie" columns, her leadership of the Charles Schwab Foundation, and her work across party lines through two White House administrations and with the President's Advisory Council on Financial Capability, she has become one of America's most trusted sources for financial advice. Here, Carrie will not only answer all the questions that keep you up at night, she'll provide answers to many questions you haven't considered but should.
